## ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.

of photographs depicting the submitted specimens.

EXPLOSIVES:

Present in specimen Q7 is a quantity of material with white-colored prills which has been identified as being dynamite composed of sodium and ammonium nitrate, nitroglycerine, and ethylene glycol dinitrate. You advised that this sample of dynamite was removed from the Q9 wrapper which is identified as being an Atlas "Gelmax" dynamite wrapper bearing date-plant-shift-code "03185A2." This wrapper and the dynamite in specimen Q7 were manufactured by the Atlas Powder Company, Joplin, Missouri, on March 18, 1985 during the second shift.

Present in specimen Q8 is a quantity of pink-colored prills which was identified as being a mixture of ammonium nitrate prills and fuel oil, commonly referred to as "ANFO".

Specimens Q7 and Q8 are high explosive products and when properly initiated with a suitable initiator (Q7 requires a blasting cap and Q8 requires a booster in addition to the blasting cap) have the capability of exploding and causing personal injury and property damage. In this case, the dynamite could serve as a booster for the "ANFO".

DISPOSITION OF SPECIMENS:

At your request specimens Q7 and Q8 will be destroyed by the Laboratory. However, specimen Q9 will be returned to your office under separate cover by registered mail.

PX T-4 has advised AP leaders frequently discuss plans of insurrection and revolution under the protective umbrella of religion, especially, under the "identity" religious movement. AP members frequently meet with members of numerous other right wing groups, both in and out of the State of Arizona. Publically, most AP leaders and members claim they are non-violent and will try to correct the "ills of the nation" through legal means. However, once in private, AP members and leaders openly discuss assassinations, bombings, robberies and revolution.

PX T-5 advised AP leaders and members are nearly always armed and he believes they should be considered very dangerous. This Source has personally observed handguns, shot guns, rifles, Uzi sub-machine guns, rockets, mortars, and trip-wire booby traps in the homes and vehicles of AP members. The Source has also been told of caches of explosives and automatic weapons, however, he has not personally observed these caches to date. Source has observed AP members who

[redacted] Source reports most AP members feel the system is "out to get them" so they feel they should be prepared to "get the system first".

PX T-6 advised AP members have claimed they have hardcore members and sympathizers within the Arizona Department of Public Safety (DPS), nearly every sheriff's office in the State, and in most police departments throughout the State of Arizona. AP leaders claim they have access to NCIC and other computer networks because of their contacts in law enforcement. They also claim many active and retired military personnel [redacted]

[redacted]  
[redacted] AP leaders have also claimed  
many sympathizers and members are local or national politicians.

b6  
b7C

PX T-5 has associated with many hardcore AP leaders and members, and as such believes many of the members have apparently reached such a point of frustration, that the only path that they can see for the near future is one of violence and insurrection. Although many AP leaders are calling for non-violence at the present time, Source has talked to members who believe there will soon be a charismatic personality emerging in the Patriot movement nationwide who will unite all Patriots. Only then, do these members believe an offensive action against the system will be effective. However, Source has talked to some members who are younger and more aggressive, and who want to have action now. Source believes these young Patriots will not wait for national unity, and will initiate bombings and periodic guerrilla type warfare in the near future.

Because many of the AP members have gone underground to avoid detection by law enforcement personnel, it is impossible to estimate their current strength. However, all of the above Sources concur that members of the AP and similar right wing organizations should be considered armed and dangerous.

Information furnished by PX T-1 through PX T-5 has been corroborated by investigation and through the use of approved consensual monitoring and electronic surveillance devices.

NAGRA SNST bearing [redacted] is being returned  
to the Signal Analysis Unit for examination.

It is noted that the above unit failed while being  
used in a consensual monitoring situation. The original  
tape started with audio and began to break up rather quickly  
after that. The issue being discussed was very significant  
and it is expected that the failure of this equipment will  
become an issue in the prosecution of the case.

Signal Analysis is requested to conduct an examination  
of SNST NAGRA [redacted]  
to attempt to establish the reason for the equipment failing  
to record. Inasmuch as this matter could be important in  
future prosecution, it is requested that results of the examination  
and the name of the person conducting the examination be  
recorded.

Above enclosure is original evidence and the chain of custody is to be maintained and recorded on the FD 504. The tape contains a nagra recording. The possibility exists that the microphones were failing at the time of recording.

Signal Analysis Unit is requested to increase the audio if possible and to provide Phoenix with a duplicate.

THIS SOURCE HAS PERSONALLY OBSERVED HANDGUNS, SHOT GUNS, RIFLES, UZI SUBMACHINE GUNS, ROCKETS, MORTARS, AND TRIP-WIRE BOOBY TRAPS IN THE HOMES AND VEHICLES OF AP MEMBERS. SOURCE DID NOT OBSERVE ANY FULL AUTOMATIC WEAPONS AND ALTHOUGH WEAPONS WERE CARRIED ON ALL TRAINING EXERCISES, NO SHOOTING WAS ALLOWED, AS THEY WERE TOLD THEY DID NOT WANT TO ALERT LOCAL AUTHORITIES. SOURCE FURTHER NOTED HE DID NOT OBSERVE ANY EXPLOSIVES, ALTHOUGH SEVERAL MEMBERS MENTIONED THEY HAD USED POTASSIUM CHLORATE AND OTHER CHEMICALS IN MANUFACTURING HOMEMADE EXPLOSIVES.

## ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed is a copy of the communication in which authorization was initially requested and granted.

LEADER AND AFFILIATE OF THE POSSE COMITATUS AND RELATED RIGHT WING EXTREMIST GROUPS. HOLECEK IS THE LEADER OF A GROUP KNOWN AS THE CONSTITUTIONAL REPUBLIC OF THESE UNITED STATES OF AMERICA. THIS GROUP IS ALSO KNOWN BY THE NAME OF THE CONSTITUTIONAL PARTY, AND THEY HAVE PUBLICLY STATED THAT THEY BELIEVE THE CURRENT U.S. GOVERNMENT IS "NULL AND VOID" AND THAT THE PRESENT FORM OF GOVERNMENT HAS COMMITTED AN "OVERWHELMING ACCUMULATION OF WRONGS" SUCH THAT THE EXISTING GOVERNMENT "HAS NO RIGHT TO RULE A FREE PEOPLE."

[REDACTED] HAS ADVISED THAT HOLECEK CURRENTLY RESIDES IN A RURAL AREA OF NEBRASKA LOCATED NEAR LOUP CITY, NEBRASKA. HOLECEK DOES NOT HAVE ANY STREET ADDRESS AND RECEIVES HIS MAIL THROUGH A POST OFFICE BOX. HOLECEK'S CONDITIONS OF PAROLE DO NOT PROHIBIT HIM FROM ASSOCIATING WITH RIGHT WING EXTREMISTS OR TAX PROTESTORS UNLESS THEY ARE CONVICTED FELONS OR MISDEMEANANTS. HOLECEK'S PROBATION ONLY RESTRICTS HIM FROM "GIVING AID OR ADVICE TO ANYONE IN THE PREPARATION OF INCOME TAX RETURNS." [REDACTED] ADVISED THAT, TO HIS KNOWLEDGE, HOLECEK STILL REGULARLY ASSOCIATES WITH OTHER MEMBERS OF RIGHT WING EXTREMIST GROUPS.

OMAHA DIVISION CONFIDENTIAL INFORMANT [REDACTED] WHO HAS PROVIDED RELIABLE INFORMATION IN THE PAST AND WHO IS IN A POSITION TO NOW, HAS CONFIRMED THAT HOLECEK REMAINS ACTIVE IN RIGHT WING EXTREMIST GROUPS. HOWEVER, WITHIN THE PAST ONE TO TWO MONTHS THERE HAS BEEN AN UNUSUAL CHANGE IN HOLECEK'S PATTERN OF ACTIVITY. HOLECEK HAD BEEN RESIDING WITH ANOTHER WELL KNOWN RIGHT WING FIGURE IN CENTRAL NEBRASKA, NAMED [REDACTED] WHO HAS BEEN A LONGTIME MEMBER OF THE POSSE COMITATUS AND WHO OPENLY

CARRIES A SIDEARM AT ALL TIMES. TOWARD THE END OF MARCH OR

RELOCATED TO AN ABANDONED FARMSTEAD APPROXIMATELY NINE MILES  
AWAY FROM [REDACTED] RESIDENCE. HOLECEK'S [REDACTED] IS  
AWARE OF THIS MOVE AND KNOWS THE EXACT LOCATION OF HOLECEK'S  
NEW RESIDENCE. SUBSEQUENT TO HIS MOVE TO HIS NEW RESIDENCE,  
HOLECEK HAS WITHDRAWN FROM HIS FORMER ASSOCIATES IN RIGHT WING  
EXTREMIST GROUPS. ACCORDING TO [REDACTED] HOLECEK NO LONGER  
RETURNS PHONE CALLS AND IS NOT SEEN IN PUBLIC VERY MUCH. HOLECEK  
ALMOST SEEMS TO BE IN HIDING. [REDACTED] HAS ADVISED THAT NONE  
OF HOLECEK'S FORMER CLOSE ASSOCIATES HAVE ANY IDEA AS TO WHY HE  
HAS WITHDRAWN FROM ASSOCIATING WITH THEM.

HOLECEK IS NOT AND HAS NEVER BEEN ASSOCIATED IN ANY WAY WITH  
THE LEGITIMATE JUDICIARY IN THE STATE OF NEBRASKA. REFERENCED  
PHOENIX TELETYPE ADVISED THAT WHEN [REDACTED] DISCUSSED THE  
ASSASSINATION PLANS REGARDING HOLECEK, HE REFERRED TO HOLECEK  
AS A JUDGE IN THE STATE OF NEBRASKA. THIS IS OBVIOUSLY INACCURATE  
AND OMAHA IS UNCERTAIN AS TO WHY [REDACTED] WOULD TELL OTHER RIGHT  
WING EXTREMIST GROUP MEMBERS THAT HOLECEK WAS A JUDGE. THE FACT

b6

b7D

b6  
b7C

PAGE FIVE OM 100A-9704 OM 100A-9706 UNCLAS

THAT [REDACTED] IS DISCUSSING AN ASSASSINATION ATTEMPT ON HOLECEK SUGGESTS TO OMAHA THAT THERE MAY BE SOME SORT OF INTERNAL DISPUTE WITHIN RIGHT WING EXTREMIST CIRCLES. IF THIS IS THE CASE, AND HOLECEK IS AWARE OF [REDACTED] DISPLEASURE WITH HIM, THIS COULD ACCOUNT FOR HOLECEK'S WITHDRAWAL FROM HIS RIGHT WING EXTREMIST ASSOCIATES, ESPECIALLY IF HOLECEK HAS GOTTEN WORD OF THE TAIL OF AN ASSASSINATION.

b6  
b7C

REFERENCED PHOENIX TELETYPE ALSO ADVISED THAT [REDACTED] REFERRED TO HOLECEK AS AN IRS INFORMANT. OMAHA DIVISION CONTACT WITH THE IRS INTERNAL SECURITY DIVISION IN OMAHA, NEBRASKA, HAS DETERMINED THAT HOLECEK IS NOT AND NEVER HAS BEEN AN INFORMANT OR CONFIDENTIAL SOURCE FOR THE IRS.

PHOENIX DIVISION IS REQUESTED TO CONTINUE TO MONITOR

b6  
b7C

[REDACTED] WITH REGARD TO ANY ASSASSINATION PLAN ON CARL HOLECEK.

OMAHA DIVISION WILL CONTINUE TO MONITOR HOLECEK'S ACTIVITIES THROUGH CONFIDENTIAL INFORMANTS, AS WELL AS THROUGH CONTACT WITH HOLECEK'S PROBATION OFFICER. OMAHA DIVISION DOES NOT INTEND TO CONTACT HOLECEK WITH REGARD TO THE ASSASSINATION ATTEMPT UNLESS PHOENIX DEVELOPS INFORMATION SUCH AN ATTEMPT IS LIKELY TO TAKE PLACE.

F. That specific authority be granted to the UCA to penetrate right-wing terrorist groups, e.g. the ARIZONA PATRIOTS (AP) and the SHERIFF'S POSSE COMITATUS (SPC), who share a common philosophy and purpose, so that the UCA can collect information and evidence that relate to criminal activities in violation of Federal and state law. This authority would be for  period.

DETAILS: "CHOLLA" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "ARIZONA PATRIOTS, Domestic Security/Terrorism (DS/T), OO: Phoenix," a group which espouses a hatred of racial minorities, Jews, and the United States Government. The AP has advocated the bombing of the Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed the armed robbery of armored trucks to help finance their cause.

The AP case has been opened and is being investigated pursuant to the Attorney General Guidelines on the conduct of DS/T investigations which became effective in March 1983. This investigation has produced information that links the AP with elements of the radical SPC in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the UCA, with the assistance of a Phoenix source,

b7E

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

I. PRIORITY PROGRAM/IMPACT ON OFFICE RESOURCES

(a) The UCO is within the Terrorism Program of the Phoenix Division. It is ranked third among the priority programs.

(b) The current target staffing level for Domestic Terrorism is zero. Phoenix has been overburning 2.98 direct Agent work years on this matter. It is anticipated that, with the approval of the UCO, five Special Agents will be utilized on a full-time basis as follows:

One case Agent: Overall administration of UCO.

UCA contact Agent: Services the UCA.

Phoenix Source contact Agent: Services source.

Two additional Special Agents: Cover leads, maintain logs and transcripts, screen tapes, handle other informants, etc.

One Special Agent Accountant and one accounting technician will be used on a part-time basis.

The Phoenix Special Operations Group will be used as needed.

Undercover Agent: It is anticipated that the UCA will come from outside the Phoenix Division.

II. SIGNIFICANCE OF CRIME PROBLEM

(a) Investigation has shown that the AP are situated in cells throughout the state of Arizona. They hold a publicly stated philosophy of hatred for Jews, racial and ethnic minorities and the United States Government. They view the Federal tax structure as illegal and have specifically targeted the IRS for violent action. In furtherance of these aims, AP members have purchased illegal automatic weapons, stored illegal explosive devices and material, discussed [REDACTED]

[REDACTED]

[REDACTED]

b7D

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

The AP is similar in its developmental stage as the ARYAN NATIONS (AN) was prior to the creation of the "Order." Younger, more radical elements are openly advocating violent action against the system. It is imperative that these cells be identified so that criminal acts can be prevented and that those responsible for past acts can be prosecuted.

(b) The AP interacts with elements of the SPC in Nebraska, and the CHRISTIAN PATRIOTS DEFENSE LEAGUE in Illinois, and Mississippi. [REDACTED]

[REDACTED] They have also identified the Hoover Building, FBIHQ, as a possible bombing target. AP members have [REDACTED]

### III. TRADITIONAL INVESTIGATIVE TECHNIQUE

The Phoenix Division has utilized source coverage, consensual monitoring, a cooperating witness, pen registers, physical surveillances and other traditional techniques in investigating the AP. This investigation has established the existence of cells that have not been fully identified and an underground structure which, although mentioned on numerous occasions, has also not been identified. The Phoenix source does not have access to these cells nor have traditional techniques been successful in identification or penetration of these cells.

The UCO is deemed imperative because of the issues that will face the UCA. It is anticipated that [REDACTED]

[REDACTED] The UCA, as a trained law enforcement officer, will be able to analyze and control these situations in a manner not available to a civilian. In addition, it is felt that the Phoenix source is overburdened in dealing with the AP. The source will be called upon to testify as to his knowledge of the AP'S criminal activities but the reliance on one major witness could prove detrimental to a successful prosecution. It is felt that a well-trained FBI Agent, possessing skills and a background which are attractive to the AP, will overcome this obvious deficiency and make a stronger prosecutable case for the Government.

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

#### IV. POTENTIAL FOR SUCCESS

The UCO has every chance of being successful [REDACTED]

[REDACTED] The UCA will possess a background and skills that will be most attractive to the AP, and he will also have the time to devote to AP business. As stated earlier, the AP has divided into cells. The penetration of these cells will be the ultimate goal of the UCA. Experience in the AN case showed that these groups are receptive to recruiting talented individuals who appear to meet needs of the group. The AP continually meets to plan criminal activities and train for their eventual commission of the acts. A trained investigator, brought into the planning stages of this criminal activity, presents the best chance for prosecutive successes.

b7E

#### V. FISCAL CIRCUMSTANCES/EXEMPTIONS REQUESTED

This UCO does not involve the establishment of a proprietary. There is no potential for significant civil claims against the United States. There is no need nor justification for indemnification agreements or expenditure of funds to construct or alter facilities.

The following exemptions will be required:

1. Using appropriated funds for leasing space.
2. Entering into lease agreements for periods extending beyond the current fiscal year.
3. Depositing appropriated funds in banks or other financial institutions.

#### VI. SENSITIVE CIRCUMSTANCES

This UCO will deal with violence-prone individuals who have openly advocated hatred of racial and ethnic minorities and the United States Government. They have specifically identified facilities of the United States Government for violent attack. As a result, the security of the UCA is addressed as a major priority in this UCO.

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

Because of the nature of the case and individuals involved, the UCA will interact with individuals who are members of, or are affiliated with, groups which are the subjects of Domestic Security/Terrorism investigations. These investigations are conducted in full compliance with the Attorney General Guidelines for the conduct of such cases. The UCA will be periodically instructed to minimize any acquisition, retention, and dissemination of information that does not relate to the matter under investigation or to any other authorized investigative activity.

#### VII. POTENTIAL RISKS

Risk of third party losses, loss of property and civil liability should not be issues in this UCO. However, due to the nature and philosophy of the AP, it is impossible to say that this will, in fact, be the case. Part of the major thrust of this UCO is to place a UCA in a position where he will be able to provide advance warning of planned violence so that the Government will be in a position to interdict these actions and prevent personal injury and damage to property.

#### VIII. SUITABILITY OF THE UCA

A UCA has not, as yet, been designated in this matter.

#### IX. 1. UCA/INFORMANT/COOPERATING WITNESS OR OTHER SOURCE PARTICIPATION IN PROSCRIBED ACTIVITY

(a) It is not anticipated that the UCA, cooperating witness and source will become involved in any proscribed activity. However, there does exist the possibility that, given the nature of the UCO, the UCA, source or cooperating witness, would be called upon to engage in such activity. It is believed that ample time would exist to make proper notifications and obtain the requisite authority in accordance with the Attorney General Guidelines should such situations arise.

(b) This is most likely to happen where the UCA or sources [redacted]

[redacted] so that they remain under FBI control. This would enable live substances to be substituted with inert. This will also insure a strict accounting as to which AP members

b7E

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

would have access to this material and would insure that any explosive devices or plans to use them would be interdicted. The UCA will meet on a daily basis with handling personnel. Activities of the UCA and sources will be reviewed during this meeting, and constant briefings will be held concerning the prohibition of engaging in proscribed activity.

(c) The UCO is a measure of keeping close scrutiny on the activities of a group predisposed to the commission of violent acts. The UCA would be in a position to know beforehand of the violent activities of the AP and either abort the action or prevent it by arrest. If the UCO is not operational, it is clear that, with the avowed goals of the AP, violence would take place and the Government would both be unaware of the activity and unable to stop it.

2. The informant and cooperating witness have been briefed concerning the potential for disclosure of their identities. They are aware of this potential and are also aware of the necessity for their testimony. They have agreed to testify.

3. The Phoenix source is [REDACTED]

[REDACTED] the FBI. He has proven himself to be stable and reliable.

The cooperating witness is [REDACTED]

[REDACTED] He appears to be very stable.

#### X. POTENTIAL FOR CREATION OF ILLEGAL ACTIVITY

This UCO is directed at gathering intelligence to identify and prosecute various violations of Federal law. Investigation has shown that this activity is ongoing and "criminal predisposition" is continually shown. The role of the UCA and sources will be "passive" in nature, and the creation of illegal activity or entrapment should not be an issue.

Memorandum from S. Klein to Mr. Clarke  
RE: CHOLLA;  
OO: PHOENIX

XI. TYPE OF MONITORING PROCEDURES

(a) At FBIHQ: It is anticipated that an on-site inspection will be held approximately every three months by appropriate headquarters personnel.

(b) At Field Office: A daily meeting will be held with the UCA and UCO personnel at the administrative off-site. Daily summaries of activities will be produced and furnished to the squad supervisor and Assistant Special Agent in Charge (ASAC). These summaries will also report on the activities of the source and cooperating witness. The ASAC will periodically brief the SAC on direction and accomplishments of the UCO.

Approximately every 10 work days, UCO personnel will meet with the designated Assistant United States Attorney and Assistant Arizona Attorney General for legal opinions and prosecutive opinions.

XII. MISCELLANEOUS LEGAL/ETHICAL/POLICY QUESTIONS

N/A.

XIII. LETTER OF ENDORSEMENT FROM USA OR STRIKE FORCE CHIEF

The United States Attorney, Phoenix, Arizona, endorses this operation and will entertain prosecutable matters as they develop. Letter is attached.

XIV. FBIHQ SUPERVISOR/UNIT CHIEF/SECTION CHIEF RECOMMENDATION

The FBIHQ Supervisor and Unit Chief, Domestic Terrorism Unit and Section Chief, Terrorism Section, recommend this UCO as viable, necessary, successful and worth the expenditure of funds and manpower resources.

ADDENDUM: CRIMINAL UNDERCOVER OPERATIONS REVIEW COMMITTEE (CUORC)  
REL:ejt 4/10/86

On 4/2/86 the CUORC, with a representative of the Legal Counsel Division and representative(s) of the Department of Justice present recommended the following action in connection with operation Cholla:

The Committee recommended approval of Phoenix's Group I UCO [redacted] with authorized funding in the amount of [redacted]. This UCO involves sensitive circumstances in that it will be used to infiltrate a group under investigation as part of a Domestic Security Investigation. However, conduct of this UCO is necessary to obtain evidence for prosecution of crimes against the United States. The United States Attorney, District of Arizona concurs with the conduct of this UCO. No extraordinary risk of injury, loss of property, or civil liability is anticipated during the conduct of this UCO.

1 UNDERCOVER PROPOSAL  
COYOTE  
PHOENIX DIVISION

I. PURPOSE

There are three reasons for this UCO. First, the UCO will provide additional high-quality resources to help in preventing further violence by the Arizona Patriots (AP). AP would have already done [redacted] and an AP member would probably [redacted] except for the intervention of [redacted]. Additionally, AP is planning to destroy all major IRS computer facilities with the idea of causing the collapse of federal finances, to attack synagogues, banks, and federal law enforcement agencies, and to resist legitimate repossessions of property with firearms. They have bought weapons and explosives and have fabricated home-made destructive devices. AP also has nationwide contacts to support its activities. [redacted] works virtually full time for the FBI but cannot provide complete coverage of the AP. Although PX has other sources who are being worked into AP, such process could take months or even years. An additional trained source of information -- the FBI UCA -- whose background can be tailored to make him very attractive to AP, is necessary now to increase coverage of known cells which are scattered statewide, and to further penetrate and identify AP infrastructure, both within Arizona and nationwide. Having more top notch coverage will enable the FBI to better prevent violence planned by AP.

b7D

Second, [redacted] although an excellent source, is not trained to handle the numerous sensitive circumstances which he has encountered and continues to encounter. An AP member has asked source [redacted]. Another AP member has asked source [redacted].

b7D

[redacted]  
by a UCA who is better trained in the investigative and legal ramifications of the handling of such sensitive circumstances.

Third, many AP fancy themselves experts on the law and the Constitution. Even though AP has no known attorney members, some AP give classes in tax-resistance. Many AP believe that the courts and law enforcement officers have no legitimate authority. Consequently, after AP are indicted it is quite reasonable to expect their defense attorneys will completely attack every aspect of the FBI's investigation of them. Although [redacted] will doubtless make a fine witness, the testimony of an UCA is greatly preferred. The UCA will simply have better credibility on the witness stand.

b7D

## II. OBJECTIVES OF THE OPERATION

- A. To prevent violence planned by the AP
- B. To gather additional evidence of violations of state and federal statutes by the AP
- C. To gain additional information regarding the organization, membership, finances, and training of AP insofar as it pertains to terrorism both inside and outside Arizona.
- D. To successfully prosecute those AP members and affiliates who have violated the law

## III. BACKGROUND INFORMATION

### A. Crime Problem.

#### 1. Crimes, Statutes, Manner of Violation:

##### a. Kidnaping. Local. [REDACTED]

[REDACTED] an undercover Arizona Attorney General (AZAG) Investigator was introduced (Arizona has a better conspiracy statute than the federal statute). [REDACTED]

b. Illegal Interstate Shipment of Firearms, Title 18, Sect. 922; Unlicensed Dealing in Firearms, Sect. 923; Illegal Firearms Dealer, Illegal Firearms Transfer, Non-registered Firearms, Illegal Interstate Transportation of Firearms, Title 26, Sect. 5861, (a), (b), (d), (e), and (j). AP member DAVE GUMAER and [REDACTED]

c. Fraud by Wire. Title 18, Sect. 1343. [REDACTED] and other AP members obtained and used a confidential access code for a long-distance telephone carrier, defrauding the company of approximately \$20,000.

d. Conspiracy to Destroy Government Property. Title 18, Sections 371 & 1361. AP member [REDACTED] has already [REDACTED]

e. Unlicensed Manufacture of Explosives, Title 18, Sect. 842. AP member [REDACTED] has combined and tested various chemicals which comprise a high order explosive.

b7D

b6  
b7C  
b7D

f. Illegal Manufacture of Destructive Device, Title 26, Sect. 5861 (re Section 5845, (e) & (f)). As indicated above, [REDACTED]

b6  
b7C  
b7D

g. Obstruction. Title 18, Sect. 1510. A local deputy sheriff has purposefully told Arizona Patriot members of the FBI's investigation of the AP.

2. Joint UCO. The UCO will be conducted with the State of Arizona Attorney General's Office. A Memorandum of Understanding has been executed and is attached.

3. Impact of Targeted Criminal Activity. PX believes that the AP and its cells are in a stage of development that is like the early stages of the Aryan Nation/Order. Besides the illegal acts described above, they are planning an extensive attack on IRS. Many of the APs are unstable personalities which increases the risk they may even engage in random violence if sufficiently provoked by the "system." More younger radicals who are action-oriented are now associated with the AP than even six months ago. Consequently, the FBI's prevention of violence will be the real impact on the criminal activity. The eventual jailing of those who have broken the law will also reduce the immediate danger of AP violence, but may drive the AP underground. The UCO will be alert to that possibility and insure that when the operation is brought to an end, coverage will exist of underground cells, if any.

Omaha Division has recently inherited two extremely radical AP who have linked themselves to a major financial backer of Posse Comitatus. These APs intend to train Nebraska farmers in the use of firearms and para-military tactics to resist and attack IRS, banks, and the Sheriff's deputies who are repossessing their farms. Omaha will be submitting a separate UCO proposal soon, using [REDACTED] and an Omaha UCA for introductions into these Nebraska domestic terrorists.

b7D

a. Investigative Program/Priorities. The UCO will be within the Terrorism Program (Domestic). Although the Terrorism program was ranked 10th in the Division, because of the seriousness of the AP threat the program is now ranked 3rd. There are three agents assigned full time to the AP which will be increased to five on approval of the project. Five agents will be slightly less than 5% of PX's TSL. If the UCO results in a Title III, the expenditure of workhours will probably rise to about 8% of TSL for the fiscal year. There are no other major initiatives in the Domestic Terrorism Program.

b. Impact on Office Workhours. The UCO will detract from the General Crimes Programs by at least two agents, and draw limited hours from all programs if a Title III occurs.

c. Other PX UCOs:

UCO Name	Group	Program	Agents	Support
	I	OC	5	1
	II	OC	Inactive	
	II	OC	Closing soon	
	I	OC	Inactive	
	II	OC	Inactive	
	II	WCC	2	0
	I	GPC	Inactive	

b7E

PX currently has one Title III in progress regarding an OCDE Matter, is expecting to initiate one other OCDE T III in January, and will probably begin a third OCDE T III in the Spring of 1986.

B. Criminal Activity.

1. Background. The AP is not a well coordinated group. After the mid-1985 appearances of [redacted] the membership (correctly) evaluated [redacted] to be a security risk to them and untrustworthy. Consequently, the directing of the AP fell to individual cell leaders. These leaders and AP members have purchased dynamite,

b6  
b7C  
b7D

One AP cell leader's plans include a recon of all IRS complexes in the US and the Hoover Building with the idea of eventually destroying them. A faction of the AP has broken off and is calling itself the ARYANS. The ARYANS disavow the old AP, and instead are intent on action. They oppose the older AP members who, in their view, do nothing but talk. A separate AP member plans to continue his experiments with explosives with the idea of an attack on IRS or synagogues or both. AP has established contact with a violence oriented faction of POSSE COMITATUS in Nebraska. Finally, the AP formerly had plans to blow bridges and cut power to Phoenix when the time for the revolution of the right was correct.

Certain AP members and the ARYAN group appear to be readying themselves to engage in real violence against the system: IRS, FBI, Police, Banks, Jews, etc. What seems to have previously delayed them is lack of solid leadership and lack of financial backing as most AP are unemployed or have little money. [redacted] the "talkers," most of whom are over 50 years old, have lost influence. Younger leaders, the "doers," most of whom are under 40, have emerged. There is consequently an increasing possibility of violent acts by AP splinter cells with or without the blessing of [redacted] Regarding financing of the "movement," younger AP members are now

b6  
b7C

associated with [REDACTED]

[REDACTED] for AP. PX believes that the greatest danger may be if the new leaders of the AP/ARYANS decide to follow the footsteps of the ARYAN NATION/ORDER and begin attacking them and attacking the judges who are ruling against the system by robbing the banks which they believe are oppressing.

b6  
b7C

The AP have nationwide contacts with other right-wing terrorist oriented groups including [REDACTED] Christian Patriots Defense League, [REDACTED] Committee of States, [REDACTED] Identity Church movement, and the farmers' Anti-Swat Movement. The AP has supporters or actual members in Oregon, California, Colorado, Nebraska, Kansas, Mississippi, and Georgia. [REDACTED] alleges that he has contacts in every location where there is a major IRS facility whom he can ask to assist in both his recon of the facility and whom he can trust to place bombs when the time comes. [REDACTED] has already offered his "clandestine" personnel to assist in [REDACTED] assault on IRS.

b6  
b7C

## 2. Subjects.

a. [REDACTED]

b6  
b7C

d. JACK OLIPHANT. OLIPHANT, an AP member, has previously purchased dynamite, caps, fuses, and potassium

chlorate. He has experimented with homemade explosive devices using the potassium chlorate which have functioned as high order explosives. He has current plans to purchase large amounts of anhydrous hydrazine to mix with ammonium nitrate to make a high order explosive device. OLIPHANT alleges he was previously involved in bombings of synagogues and abortion clinics, but this is unsubstantiated and is at least partially untrue. However, OLIPHANT has superb nation-wide contacts with several right-terrorist type organizations including [REDACTED] CHRISTIAN PATRIOTS DEFENSE LEAGUE (CPDL) (OO: SI). OLIPHANT is evaluated as an extremely unstable personality capable of singular violent acts. Whether or not he has sufficient charisma to lead a group is unknown, but he is violently anti-semitic, anti-banking, and anti-FBI/IRS.

b6  
b7C

e. [REDACTED]

[REDACTED]

Omaha will be submitting a HCO proposal based on the above. It will be possible for [REDACTED] when appropriate.

b6  
b7C  
b7D

f. [REDACTED]

[REDACTED]

[REDACTED] a group called the ARYANS. The ARYANS are those disaffected AP members who are tired of the old AP do-nothing attitude. The ARYANS are apparently centered in Black Canyon City and Prescott. They intend to be an "action group," further details unknown at this time. However, the formation of a group of younger ultra-radicals is evaluated as an extreme hazard.

g. DAVID EMERSON GUMAER. A long time AP member, GUMAER has associates in radical right-wing groups nationwide. He allegedly has a cell of code-named individuals ready to do his bidding. [REDACTED]

[REDACTED] in the near future.

b7D

h. [redacted] in the Phoenix area. Recently a cell member was to have certain of his property sold for back taxes. A group of four APs waited in the building on the property for the arrival of the deputy sheriffs. Once the deputies were inside, they intended to conduct a citizens arrest of them, as the AP believes deputies have no constitutional authority to take over property. If the deputies resisted, each AP member was armed and prepared to use their weapons if necessary. The local sheriff's office was alerted by the FBI and choose not to serve the court order. An AP member subsequently filed a legal action which will preclude the serving of the order for the foreseeable future.

b6  
b7C

#### C. Prior Conventional Investigation.

Phoenix has extensively utilized consensual monitoring by [redacted] and the AZAG CW, toll records, pen registers, fisurs, and has recruited other sources who are being slowly worked into the AP. Although these techniques have been successful in identifying numerous AP members who have broken and are planning to violate the law, the more covert cells, such has that of [redacted] have not been penetrated. Also, even though source is very close to [redacted] neither has ever identified to him the underground membership of the AP, although both have alluded to such members. The AP does not appear to be formally organized, and it has statewide cells the members of which may not even be aware of the existence or plans of other cells. Many of these cells are committing criminal acts and are planning violence by the use of destructive devices.

b6  
b7C  
b7D

The UC technique is necessary to better control the sensitive circumstances involving AP training and practice session in the use of explosives and other destructive devices, as well as in the event an AP member precipitiously decides to engage in violence. A UCA will be better in controlling the

[redacted]  
[redacted] is seriously overtaxed. While he cannot completely cover the statewide and even nationwide activity of the AP, [redacted] UCA who can reduce the burden on the source and be much more quickly on-line than any source PX is currently developing. The UC scenario will also enable the FBI to better penetrate the AP, because the scenario will have what the AP has lacked - [redacted]

b7D

#### IV. POTENTIAL FOR SUCCESS

PX believes that the UCA can be easily introduced into the AP. He will make rapid progress because he will have what the AP wants: [redacted]

[redacted] He will be supported by two excellent sources, [redacted] and the AZAG Cooperating Witness who can support his activities.

b7D  
b7E

The potential for prosecutive success is also excellent. As noted above, a number of cases are already "made," and there is every indication the AP will continue their activities, especially in gun- and explosives-related violations.

V. PROPOSED UNDERCOVER OPERATION

A. Infiltration Scenario. The UCA will be introduced to AP members [REDACTED]

b7D  
b7E

[REDACTED] Infiltration should be no problem.

B. Utilization Scenario.

1. [REDACTED] The UCA will have to have [REDACTED] which can apparently be done by FBIHQ through [REDACTED]

b7E

Such extensive [REDACTED] is absolutely necessary as the AP has alleged it has police contacts capable of accessing law enforcement computers. Also, [REDACTED] an AP member works for [REDACTED]

b6  
b7C  
b7E

2. UCA Scenario. The AP has lacked both good financial resources and charismatic leadership until recently. Therefore, [REDACTED]

b7D  
b7E

b7D  
b7E

3. Method of Introduction. [redacted]

4. Protecting Informants. No additional protective measures will be necessary for [redacted]

b7D  
b7E

5. Informant Testimony/Relocation. [redacted] is willing and may have to testify in this matter. He and his family may be vulnerable to retaliation by the AP, and he and family are willing to relocate if necessary. [redacted] understands the above, but his understanding is not committed to writing.

b7D

The Arizona AG Cooperating Witness(CW) is willing to testify, but whether or not he is willing or wants to relocate is unknown at this time. Inasmuch as the AGCW is under contract to the AZAG, relocation will probably be the responsibility of the state, if necessary.

6. Risks to UCA and Precautions. In the past, the AP have said that any informant found in their group will be summarily executed. However, for the last six months there have been no meetings, as such, of the AP. Instead, [redacted] has had numerous contacts with single members or, less commonly, two or three members. Such contacts appear to hold little danger for the UCA or source. Regardless, all initial meetings with AP members

by the UCA and or CW will be covered by FBI agents and the UCA or CW will be wearing a T-4. New AP subject meetings will always be covered by FBI agents with the UCA wearing a T-4. Each subsequent meeting will be assessed for potential dangerousness by the UCA, UCA Control Agent, the case agent and the supervisor for such factors as any display of instability by the subject during the last contact; whether or not subject has a track-record for violence, subject's access to weapons, whether or not rapport has been established with the UCA by subject and vice-versa, etc. The degree of coverage of subsequent meetings will be based on this assessment. The FBI may always have to cover UCA meetings with certain AP members while seldom if ever have to cover meetings with other members. These same protective measures will apply to the AZAG Cooperating Witness.

7. Operation Security. The UCA [redacted] the UCA [redacted] will both be covertly covered with closed-circuit TV which can also be monitored from a remote location. [redacted] Knowledge of the operation and location of UC facilities will be severely limited (see Memo of Understanding).

IX. EXEMPTIONS

Exemptions are needed for:

1. Using appropriated funds for leasing space
2. Depositing appropriated funds in banks or other financial institutions

X. SUITABILITY OF PARTICIPATION IN CONTEMPLATED ACTIVITY

A. Use of the UC technique. The UC technique is especially suitable in order to maintain better control of extremely sensitive circumstances surrounding the manufacture, training, and potential utilization of dangerous/explosive devices by the AP; and to be able to rapidly react to potential violence in order to prevent it.

B. UCA Suitability. The UCA has not yet been selected.

C. Agent/Supervisory Qualifications. The supervisor has previously managed a successful GPC Group I involving a joint operation with another local agency. Neither the case agent nor the contact agent has recent UCO experience, but both are exceptionally knowledgeable of the AP and affiliated groups.

XI. INFORMANT AND COOPERATIVE WITNESS

b6  
b7C  
b7D

AZ AG Cooperating Witness(CW). The CW is also

b7D

in connection with this operation.

Neither source has executed a personal services contact. Both sources are so concerned about being called informants that personal service contracts will not be entertained at this time. The CW, PX is confident, will not sign a personal services contract under any circumstances because of his extreme revulsion at being identified as any kind of a "snitch."

Both [redacted] and the CW are willing to testify.

b7D

XII. PRINCIPAL LEGAL ADVISOR ANALYSIS

The following analysis of the UCO by the PLA, PX, is

predicated upon his review of the attached proposal and preliminary discussions with the SAs involved.

A. Potential Risks.

1. This UCO proposes to infiltrate an UCA into the AP [redacted] Inasmuch as the AP is a terrorist group which espouses violence to overthrow the "system," the personal welfare of both the UCA, source, and the cooperating witness could be seriously threatened should their real identities become known to the members of the group.

b7D

2. Due to the nature of the AP and its philosophy, there will always be a risk that third parties may be injured and/or have their property damaged.

3. Potential for Civil Liability to the US. See paragraph "D. Fiscal Circumstances" below.

4. Because the UCO envisions the UCA attempting to [redacted] there is also the possibility of adverse public reaction and/or media coverage should the AP, in spite of the precautions outlined in this proposal to prevent any actual violence, in fact manage to destroy property and/or injure individuals.

b7E

B. Minimization Procedures. This proposal recognizes the risks outlined above and proposes intelligent and practical methods of dealing with them.

First, the UCO calls for the UCA's money to be utilized to [redacted]

[redacted] The UCA will always follow-up to insure that any money furnished was used for its intended purpose and, if needed, [redacted]

b7E

Second, if and when the UCA is requested to [redacted]

[redacted]

b7E

Third, if necessary, the FBI will abort the UCO and effect the arrests of AP members to prevent any violence from occurring.

With respect to the risk of physical harm to the source, cooperating witness(CW), and UCA, it is noted that all initial meetings with AP members by the UCA and CW will be covered by FBI Agents and the UCA/CW will be wearing a T-4 radio transmitter. All meetings with new AP subjects will also be similarly covered.

Lastly, [ ] has already demonstrated his ability to operate and intermingle with the targets of this UCO without harm to his person.

B. UCA, Cooperating Witness(CW), and Informant Participation in Illegal Activity.

b7D  
b7E

Such activity appears confined to the possibility that the UCA, CW, or source may participate [ ]

[ ] must be authorized in strict conformance with the AG Guidelines. So long as such activity is in furtherance of this UCO and limited to that deemed necessary under the existing circumstances, the UCA, CW, and informant cannot be guilty of a crime under state law and would be immune from state prosecution. U.S. v Payner, 434 Fed. Supp. 113 (1977)

C. Other Sensitive Circumstances. The primary risk in this UCO is the possibility of violence or physical injury occurring. See "D." below for a detailed analysis.

D. Fiscal Circumstances.

As previously set forth, this UCO is targeting a group of individuals which espouses possible violence to overthrow the system. Because of the nature and extent of the source's, CW's, and UCA's proposed involvement with the AP, significant civil liability against the US could arise if violence or physical injuries were to occur as a result of the UCO.

As set forth in this proposal, the "AP is not a well coordinated group," and the UCO calls for the UCA [ ]

[ ] Furthermore, the "UCA may well be in a position [ ] Additionally, the proposal notes that the "UC scenario will also enable the FBI to better penetrate the AP, because the scenario will have what the AP has lacked -- [ ]

b7E

In view of the above, it is possible that the UCO will [ ]

Counterbalancing this risk is the real possibility that someone other than the UCA will assume this role in the near future. Placing a UCA [ ] at this time should enable the FBI to better control the activities of the AP and frustrate their objectives.

b7E

Otherwise, this UCO appears to implicate provisions of the AG Guidelines regarding deposit of appropriated funds in financial institutions and leasing of property beyond specified limits.

E. Entrapment and Due Process.

Information set forth in this proposal indicates predisposition on the part of targets to commit the specified offenses. Since entrapment can be established as a matter of law only where the absence of predisposition appears from uncontroverted evidence (U.S. v. Bower, 575 F.2d. 499 (5th Cir. 1978); U.S. v. Abushi, 682 f.2d. 1289, 1297 (9th Cir. 1982)), it would not appear to be a viable defense which could be raised by the targets. However, because the UCA [redacted] [redacted] he must be careful to insure that his actions or words do not excite any AP members to commit any acts which they otherwise would not have committed.

b7E

F. Miscellaneous.

It is noted that it will be necessary for the UCA to obtain a wide variety of false identification.

XIII. MANAGEMENT

A. Management Controls. [redacted]

b7E

B. There has been no on-site review.

C. Tape Transcription. This UCO has requested a Burroughs word processing cluster for the sole purpose of tape transcription. The raw tapes will be reviewed by designated project agents and pertinent portions marked for transcription. It is noted that the activities of the UCA, CW, and sources will already appear on the daily memo as summarized from the daily meetings. As the PX word processing center is at full strength, two confidential typists will be allocated to this project. On completion of transcription, an agent will summarize the tape, and the summary will be entered into an already existing data base program which will also log the tapes to enable easy retrieval of pertinent tapes for reporting and prosecutive purposes. All tape transcriptions will be retained on computer

diskettes to enable easy retrieval of text passages for reports and prosecution, especially using the "search" feature of the word processing program.

D. Not applicable.

XIV. SAC COMMENTS

The SAC believes the UC technique is appropriate at this time in the investigation of the AP. He approves this UCO proposal and when authorized by FBIHQ will provide all manpower and other resources outlined herein.

**Claiming Non-Federal Arrests, Summonses, Recoveries or Convictions:**

It is permissible to claim a local arrest, summons, recovery or conviction if the FBI significantly contributed to the accomplishment. A succinct narrative setting forth the basis for the claim must accompany this report. When claiming a local recovery, enter the word "LOCAL" to the right of the amount. Enter "LF" in the "In-Jail" block for all life sentences and "CP" for capital punishment sentences.

**Reporting Convictions:**

Convictions should not be reported until the sentence has been issued. There are two exceptions to this rule. The conviction information can be submitted by itself if:

- 1. The subject becomes a fugitive after conviction but prior to sentencing.
  - 2. The subject dies after conviction but prior to sentencing.
- An explanation is required in the Remarks section for either of the above exceptions.

**Rule 20 Situations:**

The field office that obtained the process (normally the office of origin) is the office that should claim the conviction, not the office where the subject enters the plea in cases involving Rule 20 of the Federal Rules of Criminal Procedures.

**Investigative Assistance or Techniques (IA/Ts) Used:**

-Since more than one IA/T could have contributed to the accomplishment, each IA/T used must be rated.  
-The IA/T used must be rated each time an accomplishment is claimed. (For example - if informant information was the basis for a complaint, an arrest, a recovery and a conviction and if separate FD-515s are submitted for each of the aforementioned accomplishments, the "Informant Information" block must be rated on each FD-515 even if it was the same information that contributed to all the accomplishments.)

**Race Codes:**

C = Chinese; I = Indian/American; J = Japanese; N = Negro; O = All other; U = Unknown; W = White

Memorandum from F. I. Clarke to the Director, dated 4/10/86  
RE: APPROVAL OF "CHOLLA" UNDERCOVER OPERATION

"Cholla" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "Arizona Patriots, Domestic Security/Terrorism (DS/T) OO: Phoenix," a group which espouses a hatred of racial minorities, Jews, and United States Government. The Arizona Patriots has advocated the bombing of Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed the armed robbery of armored trucks to help finance its cause.

The Arizona Patriots case has been opened and is being investigated pursuant to the AGG on the conduct of DS/T investigations which became effective in March, 1983. This investigation has produced information that links the Arizona Patriots with elements of the radical Sheriff's Posse Comitatus in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the undercover Agent (UCA), with the assistance of a Phoenix source,

A) SYNOPSIS:

"Cholla" is a new Group I UCO proposed by the Phoenix Division. The UCO is to be worked in conjunction with the case entitled, "Arizona Patriots, Domestic Security/Terrorism (DS/T) 00: Phoenix," a group which espouses a hatred of racial minorities, Jews, and United States Government. The Arizona Patriots (AP) has advocated the bombing of Internal Revenue Service (IRS) facilities, has stockpiled explosives and explosive devices, purchased illegal automatic weapons, and has discussed

b7D

The AP case has been opened and is being investigated pursuant to the AGG on the conduct of DS/T investigations which became effective in March, 1983. This investigation has produced information that links the AP with elements of the radical Sheriff's Posse Comitatus (SPC) in Nebraska, which is also the subject of an approved DS/T investigation.

It is envisioned that the undercover Agent (UCA), with the assistance of a Phoenix source, [REDACTED]

b7E

Younger, more radical elements of the AP are openly advocating violent action against the system. It is imperative that these groups be identified so that criminal acts can be prevented and that those responsible for past acts can be prosecuted.

The AP interacts with elements of the SPC in Nebraska, and the Christian Patriots Defense League in Illinois, and Mississippi. [REDACTED]

b7D

[REDACTED] They have also identified the Hoover Building, FBIHQ, as a possible bombing target. AP members [REDACTED]

The UCA will be [REDACTED]

B) Issues Considered:

The Committee considered the anticipated benefits of "Cholla" in relation to the following issues: harm to reputation, civil liability, invasion of privacy, entrapment, predisposition, inducements and suitability of using the undercover technique. The Committee determined that the Phoenix Division had adequately addressed these issues.

The Committee considered the sensitive circumstances involved in infiltrating a group under investigation as part of a Domestic Security Investigation in conjunction with the following issues:

The Committee was concerned about the risk of harm the UCA would be subjected to if discovered by the subjects who have an avowed hatred of Government officials. The Committee was advised that while the safety of the UCA was the Phoenix Division's foremost concern in this UCO, informant coverage has been insufficient in providing the evidence necessary to secure prosecution of members of the AP. A UCA will provide the testimony needed to obtain convictions and will help eliminate the need for a trial in which the only Government witness is an informant.

b7D  
b7E

[REDACTED]

The Committee was advised that the informant in the AP

[REDACTED]

allow him to obtain more than peripheral information. Thus, evidence obtained by him, like that of most informants in these types of organizations, is not sufficient for prosecution. Additionally, the informant in the AP case [REDACTED]

[REDACTED]

A UCA with the qualifications requested by Phoenix will be more attractive to the Phoenix AP members and [REDACTED]

will be small and the FBI will not be put in a position of [REDACTED] The present sources would be in no better position to obtain information [REDACTED]

cause. The undercover approach is not an attempt to circumvent informant coverage of the AP, but to obtain information the informants will never be able to obtain. The UCA [redacted] [redacted] should be able to obtain information previously unavailable.

b7E

The Committee was concerned whether this UCO would be anything more than a Racketeering Enterprise Investigation and was advised that there are substantive cases involved in this UCO, including bombings and armed robberies. The Committee was further informed that individuals within these extremist groups have discussed criminal actions against the Government and

The Committee expressed concern that the UCA [redacted]

[redacted] The role identified above, as outlined throughout the Phoenix proposal, is the correct description.

The Committee was concerned that the UCA will be providing cohesion for otherwise unconnected "cells" within these extremist organizations. The Committee was informed that there is already regular contact between these "cells" as well as between different groups who may even use each other's facilities.

Concern was expressed as to what would happen if the UCA were asked to participate in a violent act early in the UCO. The Committee was advised that if the UCA could not postpone or squelch the proposed action, the UCO would be terminated.

The Committee was advised that [redacted]

The Committee discussed the fact that the UCA that is selected might have to [redacted] to establish his credibility. The Committee advised that this should be kept to a minimum and should never rise to the level of inciting other members. The Committee acknowledged that the UCA selected would have to be able [redacted]

b7E

C) Recommendation:

The Committee recommended approval of Phoenix's Group I UCO for a [ ] period with authorized funding in the amount of [ ]. This UCO involves sensitive circumstances in that it will be used to infiltrate a group under investigation as part of a Domestic Security Investigation. However, conduct of this UCO is necessary to obtain evidence for prosecution of crimes against the United States. The United States Attorney, District of Arizona concurs with the conduct of this UCO. No extraordinary risk of injury, loss of property, or civil liability is anticipated during the conduct of this UCO.

Nagra Specialist [redacted] reports that  
the failure occurred in the recording due  
to faulty microphones - bad cables; and  
not the fault of the SNST.

Test recordings were made: in which  
new SAST microphones were used with  
K2 and recorded properly.

: Using microphones with S# [redacted]  
resulted in primarily extremely low level  
recordings with static-like noise when  
cables are moved.

Microphone S# [redacted] : wire can be seen  
beneath shielding near recorder hook up;  
however, main problem occurs at micro-  
phone head end.

Microphone S# [redacted] : main problem in  
wiring located near base of cable nearest  
to recorder hook up.

I hereby certify that these exemptions are necessary for the conduct of the covert activity to which they relate, and that the covert activity is necessary for the detection and prosecution of crimes against the United States.

Respectfully,

"Anasazi" is an ongoing Group I undercover operation (UCO), which is directed at a right-wing radical group known as the Arizona Patriots. Many of the members and associates of this group have positions in the law enforcement community, and as such, have the ability to thoroughly investigate newcomers. The group members are also firearms enthusiasts, who are frequently heavily armed, and many have shown a proclivity toward automatic weapons.

USOU and the Domestic Terrorism Unit (DTU) are of the opinion that it is essential to the safety of the undercover Agent (UCA), as well as to his cover and credibility with the group.

Investigation leading to captioned incident was predicated upon receipt of information identifying a 1979 Chevrolet Monte Carlo vehicle as being used by bank robbery subjects in the robbery of The Barnett Bank, 13593 So. Dixie Highway, Miami, Florida, on March 19, 1986. These subjects (identity unknown at the time) had stolen the 1979 Monte Carlo on March 12, 1986, at Miami, Florida. Investigation between March 19, 1986, and April 11, 1986, of previously unsolved bank robberies/armored car heists in the south Florida area determined that the individuals using this stolen automobile were directly responsible for two armored car robberies, two bank robberies, two attempted homicides and one apparent homicide (victim missing), as well as being suspect in other robbery.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

incidents having similar modus operandi and witness observations. A brief narrative of the robberies attributed to captioned subjects through investigation up to 4/11/86 is as follows:

1) On October 10, 1985, at 12:30 p.m., one assailant with one getaway car driver (possible third passenger in the car) approached a guard of the WELLS FARGO ARMORED CAR SERVICE, serving WINN DIXIE, INC., 7930 Southwest 104th St. Miami, Florida, ordering the guard to "freeze." Simultaneous with this command the assailant wounded the guard with a blast of 12 gauge 00 buckshot, while the subject(s) in the getaway vehicle fired handgun and shoulder weapons at the armored car couriers. Subjects made getaway without obtaining loot.

2) On November 8, 1985, at 12:Noon, two male subjects, wearing mask, entered the lobby of the PROFESSIONAL SAVINGS BANK, 13100 South Dixie Highway, Miami, Florida, brandished shoulder and handgun weapons, and demanded the surrender of WELLS FARGO bags. The subjects obtained a total of \$41,469 from three WELLS FARGO ARMORED CAR COMPANY money bags which had been routinely delivered (daily between 11:00a.m. and 11:30a.m.) that morning. The subjects made their getaway in a gold Chevrolet Monte Carlo automobile (see explanation of vehicle recovered in subsequent armored car robbery, January 10, 1986).

3) On January 10, 1986, at 10:30 a.m., two armed males attacked a BRINKS ARMORED CAR COMPANY courier as he opened the back door of his truck at BARNETT BANK, 13593 South Dixie Highway, Miami, Florida. The attack was initiated by one subject shooting the guard in the back with a large gauge shotgun (#7 shot load). Both subjects then approached the wounded guard, wherein the second subject shot him two additional times with a military type .223 caliber shoulder weapon (witness description suggest an AR-15, Mini 14 or M-16 rapid firing rifle). Subjects obtained \$54,000 loot and made their getaway in a 1977 gold colored Chevrolet Monte Carlo, Florida license tag [REDACTED] followed by an eye witness and later recovered by the Federal Bureau of Investigation (FBI). Subjects switched from getaway car to a white Ford pickup truck and witness surveillance was discontinued.

b6  
b7C

The 1977 Monte Carlo getaway vehicle recovered in this incident had been reported as missing at Miami, Florida, since October 4, 1985, from EMILIO BRIEL, age 25, who mysteriously disappeared that day while target shooting at an abandoned rock pit in rural south Dade County (southwest Miami region). BRIEL's skeletal remains have been located subsequent to captioned incident, and forensic examination verifies investigator's presumption of homicide. It is also suspected that BRIEL's .22 caliber rifle, stolen with his automobile, is one of two untraceable firearms located at the residence of subject MICHAEL LEE PLATT. One .223 caliber bullet recovered from the above described BRINKS ARMORED CAR COMPANY robbery on January 10, 1986 has been matched to shells fired from a RUGER .223 cal. MINI- 14,

WILLIAM RUSSELL MATIX, ET AL

model 3000, used by subject MICHAEL LEE PLATT to fatally wound SA's JERRY DOVE and BENJAMIN GROGRAN during captioned incident.

4) On March 19, 1986, at 9:30 a.m., two male subjects carrying a short barrel pump shotgun and a military type shoulder weapon (possibly MINI-14) entered the BARNETT BANK, 13593 South Dixie Highway, Miami, Florida, obtaining \$8,338 in robbery loot. Subjects made their getaway in a 1982 Chevrolet Monte Carlo, black two door model, bearing Florida license NTJ-891.

Investigation determined that the 1982 Chevrolet Monte Carlo, (FL) [redacted] was stolen from [redacted] on March 12, 1986, while [redacted] was target shooting at an abandoned rock pit in southwest Dade County (same locale as BRIEL homicide on October 4, 1986). While [redacted] was target shooting, two white males arrived at the rock pit in a white Ford pickup truck with off-color striping, brandished a SMITH & WESSON Magnum revolver and a RUGER MINI-14 rifle, shot [redacted] four times and then fled the scene taking [redacted] Monte Carlo as well as his two weapons (.38 caliber SMITH & WESSON model 14 revolver and .22 caliber MARLIN rifle, Model 60). [redacted] lived and furnished composite description of his assailants. [redacted] revolver was recovered at the residence of MICHAEL LEE PLATT subsequent to captioned incident, and MATIX owned a white Ford pick-up truck.

The four bank robberies briefly described above exhibited numerous similar or identical circumstances and characteristics to warrant a conclusion by investigating FBI SA's that these robberies, as well as the rock pit shooting incidents, were carried out by common subjects (exact number unknown). The frequency of the robberies, as well as the relatively confined area of the activity led to a hypothesis that these subjects would carry out similar style robberies in the near future and stage these heists in the same general area. Prior to April 11, 1986, the FBI increased liaison with armored couriers and area banking officers. Local police departments also increased patrol coverage of institutions in the south Miami area. The FBI conducted random surveillance of armored car routes and scheduled deliveries, and saturated the suspect area by quadrant assignment of personnel on dates considered probable robbery days. It was in the furtherance of this technique that SA's were assigned surveillance responsibilities in southwest Miami on April 11, 1986.

#### SYNOPSIS OF SHOOTING INCIDENT; APRIL 11, 1986

At approximately 8:45 a.m. fourteen SA's, operating out of eleven automobiles, initiated an area canvas/surveillance, loosely covering a target area along South Dixie Highway, (aka U.S. Highway 1) beginning at the north on 130th Street and terminating at the south on 183 Street. This fifty-three block long stretch is primarily a high density commercial zone incorporating five banks, with heavy pedestrian and vehicle traffic during commuting and working hours. After an initial

WILLIAM RUSSELL MATIX, ET AL

on-site assignment conference, SA's proceeded to their respective assignment locations and began routine canvassing of these areas, to include personal contact with bank personnel and local police patrol officers in the vicinity.

At 9:26 a.m. SA BENJAMIN GROGAN (accompanied in his vehicle by SA JERRY DOVE) addressed radio traffic to all assigned units that he was behind a black two-door Monte Carlo, Florida license [redacted] traveling north on South Dixie Highway. SA GROGAN continued to furnish description of the vehicle, its direction of travel and occupant information as well as instruct the FBI unit with local police radio equipment to request emergency back-up with marked patrol units.

b6  
b7C

At approximately 9:30 a.m. SA GROGAN and DOVE had been joined in the close surveillance of the subjects vehicle by three additional FBI units, with a fourth unit closing to a distance of approximately three blocks. All units were now located in a residential neighborhood, several blocks removed from the congestion of South Dixie Highway. The subjects, becoming aware of the surveillance, began to drive in an erratic manner, apparently trying to set up a break-out situation facilitating their escape. SA GORDON MCNEILL, (Squad Supervisor) observed the subjects loading weapons and transmitted that information. At this point SA GROGAN (first vehicle behind subjects) ordered the stop/arrest, with SA's GROGAN and DOVE transmitting, "Felony car stop, take them, felony car stop, lets do it."

SA GROGAN engaged his emergency vehicle equipment (police lights and siren) and surveilling SA's therein attempted to contain and stop the subjects, while traveling south in the 122nd block of 82nd Avenue, Miami, Florida. As FBI vehicles attempted to pass the subjects, they swerved to the right, braked, and left the pavement. SA [redacted] observed the passenger subject preparing to fire on the overtaking vehicles and rammed the Monte Carlo in an effort to incapacitate the occupants. SA [redacted] swung his unit abreast of the subject automobile and rammed it in an effort to stop it. Subsequent repeated ramming/counter-ramming by these two vehicles resulted in the loss of control of the FBI vehicle, and its' ultimate collision with a retaining wall on the west side of 82nd Av. [See EXHIBIT A for final location of vehicles at time of shooting.] Subjects attempted to evade pursuing SA's by negotiating a high speed U-turn and proceeded back north on 82nd Avenue. SA [redacted] momentarily stopped from the impact of the previous ramming by his vehicle, observed the subject's vehicle returning in his direction and rammed their vehicle a second time, resulting in termination of the vehicle stop effort. [See EXHIBIT A.]

b6  
b7C

Both of the subjects initiated firing from within their vehicle before SA's could completely exit their respective units. SA [redacted] was hit by two separate shotgun blasts as he exited

WILLIAM RUSSELL MATIX, ET AL

his automobile. SA MCNEILL cleared his vehicle, returned fire at the subjects automobile, and was wounded in the right hand/arm by rifle fire after discharging four rounds. SA MCNEILL discharged the remaining two rounds in his revolver and retreated around the back of his unit, taking cover to load at the passenger side rear panel area.

As the subjects initiated firing, SA's DOVE and GROGAN returned fire, using their vehicle as cover. SA [ ] cleared his vehicle and joined SA GROGAN at the rear of the GROGAN/DOVE unit. SA [ ] exited the [ ] unit and proceeded to a cover point at the rear of SA [ ] unit. SA [ ] was hit in the left forearm by a rifle round as he approached the rear of MCNEILL's vehicle, taking cover at the rear bumper area. SA's [ ] simultaneously arrived and staged their vehicle on the west side of 82nd Av. [see EXHIBIT A] SA [ ] exited his vehicle and assumed cover behind the passenger front fender, firing at the subjects from this vantage point. Subject(s) fired on the [ ] unit, and SA [ ] remained in the vehicle for cover, returning fire through the front driver window. It is from this position that SA [ ] was wounded by bullet shrapnel soon after arriving on the scene.

After the initial exchange of fire resulting in the wounding of SA's [ ] and MCNEILL, both subjects exited the black Monte Carlo, and took positions of cover in the forward area of this vehicle and the adjoining FBI and civilian automobiles. From this new vantage point, subject MATIX and PLATT were able to fire on the agent's cover positions with minimal obstruction. The wounding of SA's [ ] occurred after the subjects exited the Monte Carlo.

As the exchange of gunfire continued, subject PLATT wounded SA MCNEILL with a round of rifle fire, striking MCNEILL in the shoulder/back. This wound, in conjunction with the previous wound to his hand/arm incapacitated SA MCNEILL for the remainder of the incident.

Apparently the next casualty to be borne by the SA's was the wounding of SA [ ] who was hit by rifle fire in his right hand/arm as he reloaded his handgun after firing at the subjects from his cover point at the rear of the GROGAN/DOVE vehicle. SA [ ] then observed subject PLATT, who had now charged the GROGAN/DOVE vehicle (passenger side), proceed around the trunk area, fire multiple rifle rounds and then enter the drivers' side of that unit. It was during this charge and firing by subject PLATT that SA GROGAN and DOVE were killed and SA [ ] suffered additional wounds in the groin and leg.

SA [ ] maintaining cover after being hit, observed subjects MATIX and PLATT inside the GROGAN/DOVE FBI unit, as well as Agents wounded/down adjacent and immediately behind the vehicle. SA [ ] therein began to direct one handed fire at the front driver/passenger compartment, firing four rounds of 00

WILLIAM RUSSELL MATIX, ET AL

buckshot from a service issued REMINGTON. Model 870 pump shotgun. After firing the last shotgun round SA [ ] drew his service revolver, approached the subjects, firing six rounds through the automobile front driver window at subjects MATIX and PLATT.

b6  
b7C

Examination of casualties at the scene by arriving medical personnel determined that SA's GROGAN and DOVE were deceased, subjects MATIX and PLATT were deceased and SA's MCNEILL, [ ] were critically wounded. SA's MCNEILL and [ ] were transported to a local hospital facility by MEDIVAC helicopter service. SA [ ] was transported to a medical facility by ambulance. SA's [ ] were transported via FBI vehicle, treated for multiple shotgun pellet and shrapnel penetration, and released the same day.

Post shooting investigation at the scene has determined that approximately 143 shots were fired in the exchange. Eyewitness statements suggest that several automobiles drove into, or through the shooting parameter during the incident, but it is not verified from which direction they came or what route was taken in exit. Best estimates derived from review of recorded radio transmission, civilian calls to the 911 emergency reporting county switchboard, and witness recollection support the conclusion that the gun battle lasted for a period of four to five minutes. Autopsy examination of the subjects determined that MATIX had been hit six times and PLATT had been hit twelve times. Evidence indicates that the subjects were wounded while in the Monte Carlo (at the onset of the gun fire exchange), while firing at SA's from the vantage point in the front area of their Monte Carlo, while entering the FBI GROGAN/DOVE unit and while in the FBI vehicle during their attempted flight from the scene. During the shooting incident the subjects fired one 12 ga. shotgun, two .357 Cal. revolvers and one .223 Cal. semi-automatic rifle.

SYNOPSIS OF BACKGROUND:

MATIX experienced a normal childhood, with the exception of laboring with a stuttering impediment. This ultimately required professional help to terminate. This treatment was acquired at the Walter Reed Army Hospital during his adult years while serving a second tour of enlistment. MATIX was an average high school student who did not participate in athletic events but did take an active role in The Future Farmers of America (FFA) program. He spent a great deal of time on the rural property of relatives and presented himself as a kind, quiet and considerate young man. He enlisted in the United States Marine Corps (USMC) on graduation and served an unblemished three years, attaining the position of Sergeant (E-5), and carrying out the duties of Bakery Foreman (MOS 3371 - Cook).

Thirteen months after discharge from the USMC, MATIX enlisted in the United States Army, having spent this short interim period living with his parents in New Madison, Ohio, and working as a laborer for the Hobart Manufacturing Company of Troy, Ohio. After basic Airborne training, MATIX optioned for Military Police duty assignment, and served until his discharge as a platoon leader and patrol supervisor. He was discharged with a record of citations to include Good Conduct, the Parachutist Badge and the National Defense Service Medal. It was while serving at Fort Campbell, Kentucky, that MATIX met, and served in the Military Police Unit with MICHAEL LEE PLATT.

MATIX met his first wife, PATRICIA BUCKANICH while undergoing stuttering therapy at Walter Reed Army Hospital in 1975. They were married after his Army discharge in 1976, and began a series of moves to include Takoma Park, Md., Poughkeepsie, N.Y., Hyde Park, N.Y., Toledo, Oh., Columbus, Oh., and Delaware, Oh. From Delaware, Oh., they returned to Columbus, Oh., where they lived until his wife, "PATTY" was murdered on December 30, 1983. In the 3½ years of marriage, MATIX attended Culinary School, Meat Cutting School and Aviation Mechanics Training. He also continued his association with the military structure by serving from November, 1981, to April, 1984, as Senior Assistant Investigator and Utility Helicopter Repairman in the Ohio National Guard. MATIX did not stay with one employer

WILLIAM RUSSELL MATIX, ET AL

for any sustained period of time, expressing to relatives and friends a longing for the regimentation and romance of military service. PATRICIA MATIX confided in a friend that she (PATRICIA) was trying to arrange psychiatric counseling for her husband due to his inability to hold a job for any appreciable time.

On December 30, 1983, PATRICIA MATIX and a companion female co-worker were murdered (stabbed) at their place of employment, The Riverside Methodist Hospital Research Foundation, Columbus, Ohio. Columbus, Ohio, Police Department investigation resulted in the conclusion that the victim PATRICIA MATIX probably knew the assailant in that she was apparently killed first, and there was no evidence at the scene that she was in fear of her life or struggled in any way prior to the assault. Evidence also suggest that the second victim appeared in an adjacent work space and was subsequently killed as the assailant left the facility. Both victims were bound prior to their being stabbed and only the second exhibited evidence (one small defensive wound) of any resistance. Crime scene examination disclosed that the assailant wore construction boots, used a wide bladed knife and did not take anything of value.

MATIX's father, RUSSELL MATIX, suffered a stroke on the day that PATRICIA MATIX was murdered, and his health deteriorated until his death from terminal cancer in April, 1984. During this four month period, WILLIAM MATIX traveled back and forth from Columbus/Delaware Ohio, to Cincinnati, Ohio (RUSSELL MATIX's home). He became increasingly active in his local church, professing to be a "Born Again" Christian, and giving public testimony of his religious convictions and his ability to overcome the stigma of PATTY's Murder. MATIX received a sizable insurance claim payoff (exact amount unknown but believed to be in the \$180,000 range) from an existing life insurance policy on his wife, Social Security benefits resulting from her death, and also received monthly employees compensation payments as a surviving unemployed spouse. The insurance settlement was far less than he had anticipated and he was bitter, blaming the lack of double indemnity award on the poor investigation conducted by the Columbus, Ohio Police Department. MATIX related to many of his friends that the police were harassing him as he was their prime suspect in his wife's murder. He invested the major portion of the insurance award in a trust fund [REDACTED]

MATIX dated a number of women after PATTY's death, some of them being her close friends before the homicide. MATIX would solicit their sympathy by invariably bringing up the topic of her murder, the trials and pain it had put him through and then, at the opportunity and without warning, present himself nude in their immediate presence, (bedroom, shower stall, etc.).

MATIX moved to Miami, Florida, in mid summer 1984, buying a one-fourth interest in Blade Cutters, a lawn trimming service owned by MICHAEL LEE PLATT, brother TIMOTHY LEE PLATT and

When REGINA PLATT committed suicide on December 21, 1984, MICHAEL PLATT explained to the investigating detectives that she had been having an affair with MATIX. MATIX rented automobiles on occasions, explaining that the leased vehicles were used in his "missions". He disclosed that he was able to earn \$30,000 to \$40,000 per mission if he was successful.

Between summer, 1985, and the time of his death, those close to MATIX noticed a definite change in his personality. He became listless, vague as to his work record, irritable and quick to loose his temper. His moods were unpredictable and he seemed incoherent at times, bringing up subjects of conversation dealing with the disposition of his property [redacted] if and when anything should cost him his life. A C.I.A. medallion/logo was found in MATIX's personal belongings at the time of his death.

WILLIAM RUSSELL MATIX, ET AL

High School at Yuma, Arizona, in 1972. He was an accomplished athlete in the games of football, basketball and baseball. Immediately after graduation PLATT joined the United States Army, taking his basic training at Fort Ord, California.

While in Army basic training, PLATT applied for U.S. Army Airborne Ranger Training, and subsequently entered Paratrooper Air Assault School at Fort Campbell, Kentucky. (His family was shocked at his request for paratrooper jump training in that he was deathly afraid of heights when he was a child, and would not climb a ladder or even consider getting on the roof of a house.) On completion of jump school, PLATT was assigned to the Military Police Unit at that facility, and it was in this duty assignment that he met, and served in the same unit with WILLIAM RUSSELL MATIX. PLATT also met his first wife, REGINA LYLEN while stationed at Fort Campbell, Kentucky, and they were married on October 31, 1975.

When PLATT went to Korea in 1977, his wife REGINA remained stateside while he served approximately one year at Camp Kittyhawk, three miles south of the 38th parallel. On his return to duty at Fort Ord, California, he related to [redacted] that he and WILLIAM RUSSELL MATIX set up, and robbed fast food restaurants and small businesses when they were stationed together at Fort Campbell, Kentucky. MICHAEL confided that MATIX set up a drug dealer on one occasion wherein the dealer was robbed and MICHAEL shot, but did not kill him.

When MICHAEL PLATT returned from assignment in Korea, he lived with his wife REGINA, occupying a two bedroom house in Monterey, California. [redacted] during this time. In approximately 1979, PLATT moved his family to Miami, Florida, the home of his wife REGINA. He acquired employment with [redacted]

[redacted] MATIX worked for [redacted] for approximately three years, and [redacted] reportedly belittled him by furnishing gifts and financial assistance to REGINA which he himself could not afford to give. Platt unexpectedly quit working [redacted] in 1982, forming the business Blade Cutters with his brother TIMOTHY PLATT. When WILLIAM RUSSELL MATIX moved to Miami, Florida, in the summer of 1984, he bought into this lawn maintenance venture with TIMOTHY and MICHAEL, and worked directly with MICHAEL until he (MATIX) quit in May, 1985. MICHAEL PLATT's wife REGINA also worked at Blade Cutters as a bookkeeper.

b6  
b7C

REGINA PLATT committed suicide on December 21, 1984. Investigators were told by MICHAEL PLATT that REGINA was having an affair with his friend WILLIAM MATIX. REGINA had also disclosed this to her friends prior to her death, telling them that MICHAEL promoted and condoned the affair as being healthy for their then troubled marriage. MICHAEL had been romantically involved with [redacted] from December, 1983, through October, 1984, and would go to her residence at

[redacted] disclosed that MICHAEL PLATT was attracted to CLINT EASTWOOD and RAMBO type movies, talked at length about his army experiences and related how his army buddy WILLIAM MATIX had saved his life while they were in the service together. [redacted] related that PLATT's personality began to change after the arrival of MATIX in Miami, Florida, with PLATT spending less and less time with her and more time with MATIX.

PLATT met [redacted] at Miami, Florida, where he was attending a convention given by Universal Beauty Supply. PLATT told [redacted] that he was working part time for the beauty supply company [redacted]. PLATT initially told [redacted] that he was divorced from his wife, and it was later she found out that REGINA PLATT had been alive and committed suicide in December, 1984. [redacted] MICHAEL [redacted]

[redacted] MICHAEL as a loving, caring father, and a considerate spouse. She knew him to be a hard working disciplinarian. He was concerned about the use of drugs in society, often lecturing [redacted] on the ills of narcotics and alcohol. MICHAEL PLATT often told his children stories of his adventures in the military, referring to a scrapbook he maintained. He only kept one or two pistols in their home and never mentioned his involvement with friends in the robbery of banks. [redacted] concluded that there was no possibility that MICHAEL would have participated in robberies and therein he must have been set up by someone.

## ACCOUNTING MATTERS

You should carefully review the guidelines and requirements as set forth in the "Funding Guide for Undercover Operations", 6/1/84. Your UCO must utilize a formal and complete set of books including a general ledger, cash receipts journal, cash disbursements journal, general journal, inventoriabile property subsidiary ledger page, security deposit ledger page, voucher subfile, and internal audit subfile maintained on a current basis. A Special Agent/Accountant is to be assigned to set up and maintain the books and records of your UCO. Required also are quarterly budget performance reports, trial balances, and voucher reconciliation forms. The books are to be audited, on a quarterly basis, by a Special Agent/Accountant who is independent of the operation, documented by a written report to a financial subfile.

Monthly vouchers should be submitted to FBIHQ no later than the tenth of the month following the month in which the expenditures were made. Monthly vouchers must be submitted when a balance is outstanding, even if no expenses were incurred.

As a Group I UCO, your operation will be audited by the Audit Unit, Inspection Division, FBIHQ, during their periodic visits to your office. Should your UCO generate over [redacted] in interest or income, expend appropriated funds in excess of [redacted] utilize exemptions to offset income, incorporate a UCO business, or place appropriated funds in a bank account it may subject the UCO to Department of Justice (DOJ) and Congressional reporting requirements and a subsequent audit by the Inspection Division.

b7E

You must ensure that all appropriated funds, show monies and income/proceeds, are accounted for and entered on the books. Expenditures must be necessary, justified, and also entered on the books. Discrepancies found during an audit are to be brought to the attention of the SAC and, if not resolved, reported to FBIHQ.

Funding data, expenditures, receipts, checkbooks, bank statements, and other financial data must be available on a timely basis to individuals doing the bookkeeping. Similarly, books and records must be promptly made available to the quarterly auditor.

Set appropriate administrative ticklers to ensure audits, vouchers, and monthly reports are properly handled. Any questions regarding the adequacy or extent of the accounting records to be maintained for the UCO may be directed to the Audit Unit, FBIHQ.

ENCLOSURE

## ALIAS/FALSE IDENTIFICATION

You should give careful consideration to the "cover" used in this operation in order to ensure the personal security of the UCAs, their covert identity, and the covert nature of the cover company. If deemed necessary, you should request FBIHQ,

b7E

## ATTORNEY GENERAL'S GUIDELINES

You should carefully review the Attorney General's Guidelines (AGG) on FBI UCOs in connection with this UCO. The Principal Legal Advisor (PLA) should be available for consultation on guidelines or legal questions during the operation.

Your attention is directed to Section I of these guidelines and in particular to paragraphs (3), (6), (8), and (9) which refer to written SAC approvals, reports to the SAC, and SAC reports to FBIHQ in connection with participation in "otherwise illegal" activity. Section L requires periodic contact by the SAC with the U. S. Attorney or Strike Force Chief. Such contacts should be documented in the case file. Sections M and N concern actions required of the SAC in connection with previously unforeseen sensitive circumstances and emergency authorizations with required notifications. A significant change in focus of this UCO or unforeseen sensitive circumstances must be brought to the attention of FBIHQ for presentation to the CUORC. Ensure undercover personnel, including those from other agencies, are thoroughly briefed on entrapment by the PLA and the U. S. Attorney's Office. (See AGG, Section J.)

You are cautioned that the guidelines require certain specific actions by the SAC in connection with preparation of and conduct of the undercover employee and cooperating private individuals. Section P mandates a review and discussion with undercover personnel and instructions to such personnel in preparation for the UCO. Section Q requires a periodic review of the conduct of undercover personnel during the course of the investigation. Such discussions, instructions, and/or reviews are to be documented in writing.

Section Q(2) requires a written report at the conclusion of the UCO on the use of false representations to third parties. A written report by the undercover employee on participation in any other activity proscribed by Federal, state, or local law is required every 60 days and at the conclusion of the participation in the illegal activity. Ensure appropriate administrative ticklers are set for the required reports.

#### COMMUNICATIONS/INDEXING/TITLES

You must ensure that subjects not previously identified in the title via communication to FBIHQ or subjects added to this UCO are identified as "Changed Title" information in subsequent communications to FBIHQ. Retrievability of names through indices searches is dependent on this information. In view of the high visibility of successful UCOs, legislative/executive oversight, and potential appeals, it is imperative that subjects/suspects are properly identified to FBIHQ for indexing and not overlooked in the body of your communication or in your file.

Spin-off cases must be identified as such on all communications to FBIHQ. Indicate "Spin-off" and UCO code name in the first paragraph of the details of each communication to FBIHQ.

#### CONTACT AGENT(S)

The need for frequent supportive contact with the UCA is essential, particularly in long-term, deep cover situations. Therefore, the SAC will ensure that a contact Agent is selected and assigned in each Group I UCO. This Agent should be involved in and knowledgeable of the UCO, compatible with the UCA, and completely available in order to offer administrative and emotional support. It is important that there are frequent, even daily, meetings between the contact Agent and the UCA.

#### CONSENSUAL MONITORING

Consensual monitoring of private conversations should be handled in accordance with the Director's airtel to SAC, Albany, "Consensual Monitoring of Private Conversations and Body Recorders," 2/4/77, and All SAC airtel, "Recording and Memorializing Conversations with Subjects," 4/30/84. Monitoring authority is to be requested from the substantive section, FBIHQ. (Consult MIOG, Part II, pages 1053-1064, for regulations concerning electronic surveillance procedures and consensual monitoring policies.)

Where possible, and safety/security considerations are satisfied, it is preferable to record meetings and conversations with suspects, subjects, and/or middlemen. In those instances

where such conversations cannot be recorded, the information must be reduced to writing in a FD-302. The file should reflect reasons why no consensual monitoring was conducted (i.e., safety, security, malfunction or unavailability of equipment).

#### EVIDENCE

Rules and regulations applicable to the securing, contemporaneous logging, marking, and storage of evidence and tapes in investigative matters are applicable to this UCO. Rules and regulations concerning the preparation of FD-302's are also applicable to the UCO.

#### EXEMPTIONS

Specific exemptions must be obtained from the Director and the Attorney General prior to: (1) using appropriated funds to purchase property, buildings, and other facilities, and for leasing space within the United States, the District of Columbia, and the territories and possessions of the United States; (2) using appropriated funds to establish or to acquire proprietary corporations or business entities as part of a UCO and to operate such a corporation or business entity on a commercial basis; (3) depositing appropriated funds and/or proceeds of a UCO in banks or other financial institutions; and (4) using proceeds from a UCO to offset necessary and reasonable expenses incurred in that operation.

These exemptions must be granted before undertaking these actions including opening any bank account. All leases and/or contracts for real or personal property and those requiring pre-payment of more than one month's rent will require approval by an FBIHQ contracting officer. Exemptions, if not already obtained, may be requested from USOU, CID, with appropriate justification. (See also MAOP Section 6-10(5).

You are reminded that Field Support Account funds may never be placed in a separate bank account as there are no exemptions which cover this action. Interest income may never be used, with or without exemptions, to offset expenses, but must eventually be remitted to the U. S. Treasury. (See "Funding Guide for Undercover Operations", 6/1/84.)

#### EXPENDITURES

Although it is not possible to set forth each particular type of undercover expenditure which may be made, it must be clearly understood that all expenditures, regardless of type, must be justified and necessary. Your initial approved budget submission should be a guideline as to the type of expenditures necessary. Expenditures must meet the following general criteria:

(1) Each expenditure must be directly related to the FBI's mission and be directly related to the operation or activity requiring confidentiality.

(2) Each expenditure must be necessary in the circumstances apparent at the time of the expenditure.

(3) Each expenditure must be reasonable as to type and amount based on value received and overall circumstances present at the time of expenditure.

The SAC and delegated supervisory personnel are responsible for the approval and propriety of expenditures in this case. Any expense category which will exceed the approved budgeted category amount by [redacted] whichever is less, requires UACB notification to the substantive case supervisor at FBIHQ before any funds may be reprogrammed from another expense area. Local purchase of non-expendable property using confidential funds requires prior, confirmed, approval from FBIHQ. Non-expendable property is defined as any property, regardless of cost, which has an estimated useful life of one year or more. Requests for authority to purchase non-expendable property should be submitted to USOU, CID. The acquisition of personal items necessary for the security and cover of the UCA, such as apparel unique to the undercover role, must be fully justified and documented. Significant, substantial, or unusual purchases of this nature should be brought to the attention of USOU, CID, with justification set forth. You may not exceed your overall UCO budget, and requests for additional funding will be presented to the CUORC. b7E

#### EXTENSION/RENEWAL

Since Group I UCOs are approved and funded for a period of one to six months, you should set an appropriate administrative tickler to ensure that a timely request is made for extension of this UCO. Such requests must be presented to the CUORC and should describe the results obtained or provide reasonable explanation for a lack of significant results. The current UCO proposal format is utilized for extensions. A written statement from the United States Attorney or Strike Force Chief indicating that they have read the UCO proposal and are in favor of its extension or renewal is to be submitted with the proposal.

#### INDEMNIFICATION AGREEMENTS

An indemnity agreement is a contract between two parties whereby one party agrees to secure the other party against any loss or damage arising from some contemplated act on the part of the indemnitor, or from some responsibility assumed by the indemnitee. Initially, it should be recognized that such agreements constitute contracts, and as such may only be executed

by certain FBIHQ officials who possess contracting authority. The Contract Review Unit, Administrative Services Division (ASD), FBIHQ, is responsible for the preparation and execution of these agreements. In emergency situations where an agreement is required within a short time period, it is possible for FBIHQ to authorize the SAC of the field office to sign the agreement. The agreement will then be adopted by a contracting officer when it arrives at FBIHQ. This is the only instance in which field office officials are permitted to execute indemnity agreements. Appropriate personnel at FBIHQ must be fully apprised of the circumstances involved in the case before such authorization will be given.

#### INFORMANT PAYMENTS

Informants utilized in support of the UCO [redacted]

[redacted] The case accountant is to ensure that the division to which the source is assigned is advised by appropriate communication of the nature, date, and amount of source payments.

Informant payments require the same documentation and supervisory approval as when utilizing sources in traditional investigations. All payments to informants must be posted to the appropriate field informant ledger page and a memorandum prepared for the field informant file setting forth these payments and the justification for same. When vouchering these payments, ensure they are identified as such by symbol number. (See also Funding Guide for UCOs, 6/1/84, and MIOG, pages 619-638.19.)

#### MONTHLY REPORTS TO FBIHQ

In order to keep FBIHQ up-to-date on the operational and financial aspects of the UCO, you must report on a monthly basis, in letterhead memorandum form, expenditures incurred in support of the operation, accomplishments obtained, and activities and developments occurring in this operation. The format for this monthly report is set forth in FBIHQ airtel to All SACs, "Undercover Activities; Criminal Matters," 11/2/81. This report is to be submitted monthly whether or not there are expenditures/accomplishments until prosecution is completed and is due on or before the tenth workday of the month. A delinquency in submitting monthly vouchers or a delay in submission of the monthly report must be brought to the attention of USOU, CID, via airtel with pertinent reasons/explanations.

## PROPERTY

You should ensure that detailed, current records are maintained for all non-expendable property acquired in support of this operation. Immediately upon acquisition of any non-expendable property, the item should be entered as confidential property on your office inventory and FBIHQ notified as required by current property accounting procedures. The purchase and disposal of all non-expendable property for this UCO must be coordinated with USOU to ensure procurement regulations are followed through proper FBIHQ divisions. (See "Funding Guide for Undercover Operations", 6/1/84, pages 29-31.)

You are reminded that all property acquired for the UCO belongs to the Government. Proper supervisory controls must be set up to ensure the propriety of all acquisitions and expenditures.

## PSYCHOLOGICAL GUIDELINES

You should be constantly alert to psychological and stress factors as they effect undercover personnel (Agent or support) assigned to this UCO. [redacted] M.D., has been retained by the FBI to provide psychological services which may include evaluation, consultation, referral, and treatment on both a routine and emergency basis. [redacted] is thoroughly familiar with problems in UCOs, and is available on a self-referred basis. Assisting him in these services is [redacted]

[redacted]

b6  
b7C  
b7E

In addition, the Psychological Guidelines for UCOs must be provided to all undercover personnel (Agent and support, including individuals from other agencies). The provision is to be documented in the Administrative Subfile of the UCO. (Refer to All SACs airtel, "Undercover Activities - Criminal Matters, Safeguarding the Psychological Health of Undercover Agents, " 10/13/83, and the "Special Agent in Undercover Operations, A Research Study," 4/80, available from USOU or the Institutional Research and Development Unit, FBI Academy).

There should be frequent contacts between the case supervisor and the UCA(s). The SAC/ASAC should periodically meet with the UCA(s) assigned to this project. These contacts should be extended to the UCA's family in deep cover or extremely lengthy operations where the UCA is undercover for long periods of time. These face-to-face contacts between UCA(s) and their supervisors, at mutually agreeable and secure locations, are

important in resolving project difficulties, in addressing UCA problems or stressors, and in evaluating whether or not a UCA should continue in the role based on their psychological/emotional health.

#### TECHNICAL EQUIPMENT

Technical equipment to be utilized in support of your UCO, if not currently available from your field office, should be requested by your Technical Coordinator from the Technical Services Division (TSD), FBIHQ.

#### VEHICLES

Authority to rent/lease a vehicle in support of your UCO must be coordinated with the Automotive Management Unit (AMU), ASD, FBIHQ. Should you receive authority to lease/rent a vehicle, you are reminded that such vehicles are for use in this UCO only. Seized/excess vehicles made available for a UCO must be relinquished when no longer required for the covert phase of the operation. Advise AMU, ASD FBIHQ, when such vehicles are no longer required. Seized/excess vehicles may only be used for such covert operations since these are not part of our normal authorized fleet.

Leases for vehicles must be approved by a contracting officer, FBIHQ, prior to execution, and in most cases require an exemption (See Exemptions, supra.).

## ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed are copies of communications in which authorization was initially requested, granted, and extended.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for the use of these electronic devices.

## ACTION MEMORANDUM

Enclosed is a copy of a communication which furnishes information concerning a current investigation.

This is to notify your office that pursuant to Part II (D) of the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communication," and/or Attorney General Order Number 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," emergency authorization to utilize electronic devices (both audio and video CCTV) to monitor and record private non-telephonic conversations with the consent of a party was granted by an appropriate FBI Headquarters Official on July 29, 1986. Exigent circumstances precluded a request for authorization in advance.

The use of CCTV will not involve any trespass and will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

As further use of these electronic devices is expected in this matter, it is requested that your office approve the use of this equipment for a period of 60 days beginning on the above mentioned date.

ACTION MEMORANDUM

100-487422

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations, with the consent of a party, in captioned investigation. Also enclosed is a copy of the communication in which authorization was initially requested and granted.

Pursuant to the Attorney General's Memorandum of November 7, 1983, captioned "Procedures for Lawful, Warrantless Interceptions of Verbal Communications," and/or Attorney General Order 985-82, dated August 6, 1982, captioned "Delegation of Authority to Authorize Television Surveillance," the authority of your office is required for the use of these electronic devices.

The use of CCTV will not involve any trespass, and it will be utilized only when a consenting party is present.

Use of these electronic devices in this case is recommended as being in the best interest of effective law enforcement in that they are expected to provide corroborative evidence and/or to protect the individual(s) utilizing the equipment.

It is requested, therefore, that your office approve the use of this equipment for a period of 60 days beginning the date on which you grant approval.

# 'Evil alliance' of terror, drugs 'serve East bloc'

United Press International

WASHINGTON — Senators charged Tuesday that evidence exists of an "evil alliance" of terrorists and narcotics traffickers serving Soviet interests, but a State Department official discounted any communist plot to undermine America with drugs.

Sen. Alfonse D'Amato, R-N.Y., appearing at a joint hearing on international terrorism of the Senate Foreign Relations and Judiciary committees, renewed charges that Bulgaria's official export agency sells arms to drug dealers, who pass them on to terrorists in exchange for heroin.

He said the federal Drug Enforcement Administration is convinced that such a link exists but is unable to turn up new evidence because of a lack of resources.

"The administration has been totally inept — inept and unwilling to admit the seriousness of the situation," D'Amato said.

Sen. Paula Hawkins, R-Fla., who testified with D'Amato, said she hopes the hearings will convince people of the existence of "narcoterrorism" — the link between narcotics trafficking and international terrorism.

Sen. Paul Trible, R-Va., who presided over the hearing, said evidence produced so far shows that government-supported terrorism is aimed at Western democracies.

"The sponsors of terrorist acts, in case after case, are clients of the Soviet Union or nations temporarily serving Soviet interests by fostering instability in strategic regions of the world," he said.

Trible said that particularly in Colombia and the Middle East, "violent terror and drug trafficking are wed in an evil alliance."

Deputy Assistant Secretary of State Clyde Taylor agreed that there are links between drug traffickers and terrorist groups, as well as "some indications of state-sponsored narcotics trafficking."

But he said illegal drug traffic throughout the world is dominated by people "governed only by their greed."

"Most of these groups cannot be called terrorists, or even political insurgents, nor do we have evidence of a communist conspiracy to use drugs to undermine Western democracies, or our own society in particular," Taylor said.

David Westrate, deputy assistant DEA administrator, said some drug traffickers have adopted terrorist tactics in fighting anti-drug drives.

This is most evident in Colombia, he said, where Minister of Justice Rodrigo Lara-Bonilla was assassinated on a Bogota street last year and where drug traffickers are believed to have been behind several bombings — including one just outside the U.S. Embassy.

### West target in case of war, defector says

Associated Press

NEW YORK — Special Soviet assassination squads have been formed to kill Western political and military leaders if war broke out, a Red Army defector said in an interview published in a U.S. Army magazine.

The defector, who used the pseudonym Viktor Suvorov, said units of the special forces of the Soviet military-intelligence directorate, the GRU, and teams of KGB intelligence and security agents have preassigned assassination missions in case of war.

Suvorov said other units of the GRU would wreck nuclear installations, attack NATO command centers, disrupt communications and destroy key targets, such as air bases.

The defector's account appeared in the current issue of *Military Review*, published by the U.S. Army Command and Staff College at Leavenworth, Kan.

The article was a reprint from *International Defense Review*, said Lt. Col. William Arbogast, public-information officer at Fort Leavenworth.

A report on the article was published Sunday by the *New York Times*.

Suvorov said that because of their rigorous peacetime training and dangerous wartime duties, the GRU and KGB compete to recruit top athletes into the special units.

An editor's note in the journal said if Suvorov's claims are accurate, some of the potential assassins already have visited target areas in the West through invitations to sporting events.

The *Times* quoted a Western intelligence officer as saying that NATO's ability to cope with the special Soviet units "would rest on the effectiveness of local forces defending the home front."

The writer, a former Red Army officer who lives in Britain, has published two books. One describes life in the Soviet army, and the other is an account of his experiences during the Soviet invasion of Czechoslovakia in 1968.

Fingerprints:

The results of the latent fingerprint examination will be provided by a separate report.

Explosives and Explosive Accessories:

Submitted specimen Q1 is an Atlas "Gelmax" dynamite wrapper bearing date-plant-shift code "12264A2" which measures approximately 1 1/8" X 8". This wrapper and the dynamite in specimen Q2 were manufactured by the Atlas Powder Company, Joplin, Missouri, on December 26, 1984.

The length of brown colored safety fuse in specimen Q6 was identified as "Ailsa Thistle Brand" safety fuse which was manufactured by Nobel's Explosive Company, Stevenston, Airshire, Scotland a subsidiary of The Imperial Chemical Industries (ICI), Limited. This safety fuse is like the brown safety fuse in specimen K1.

Instrumental Analysis:

The brown substance in specimen Q5 was identified as lead azide which is a very sensitive high explosive and used in the manufacture of blasting caps.

Disposition of Specimens:

The submitted specimens will be retained in the Laboratory until final disposition is determined by your office.

Re Bureau airtel to Phoenix dated 12/17/86.

For information of the Bureau, a teletype was sent to Headquarters from Phoenix on [redacted] requesting extension of authority to utilize an electronic device to monitor and/or record private conversations [redacted] and others, yet unknown, in connection with a DS/T matter. The Phoenix Division did not receive a reply from the Bureau regarding this request until [redacted] when Bureau airtel dated [redacted] was received, authorizing consensual monitoring, beginning on [redacted] for a period of 60 days.

Ticklers are set by the Phoenix Division for each subsequent period of time for the request of consensual monitoring on airtels sent from the Bureau to Phoenix, authorizing consensual monitoring authority. Inasmuch as consensual monitoring authority for the requested 60 day period, beginning [redacted] had lapsed and the next 60 day period run into before the Headquarters airtel reached the Phoenix Division, a more timely submission requesting authority for a 60 day period, beginning [redacted] was not submitted.

For further information of the Bureau, ticklers are set on the Bureau airtel authorizing consensual monitoring authority, inasmuch as it is the only communication which is received which actually sets out the exact date that this authority is to begin and the period of time for which authority is granted.

In the future the Phoenix Division will make sure that more timely communications are received at the Bureau requesting consensual monitoring authority.

It is noted that this consensual authorization expired on [redacted] and the request for an extension was not received at FBIHQ until [redacted]. Though untimely submissions for authorization to extend the period for consensual monitoring do not create a legal problem, they do violate FBI policy. The request for an extension of consensual monitoring authority should reach FBIHQ no later than seven days prior to the expiration date. Phoenix will submit to FBIHQ an explanation as to why these submissions were so late.

b7E

NOTE:

This airtel apprises Phoenix of the extension of the authorization for the source to consensually monitor meetings with the Arizona Patriots. RE: ANASAZI;  
DOMESTIC SECURITY/TERRORISM;  
OO: PHOENIX

Assistant United States Attorney (AUSA)  
[redacted] is considering obtaining a search warrant for the package, opening it discreetly, and photographing the contents. He advised that he would strongly consider prosecution of [redacted] for obstruction of justice, but not at this time, for he wants to leave cooperating witness in contact with these individuals in the event they develop retaliation plans against the source or FBI Agents.

On December 18, 1986, a detention hearing for [redacted] was held in the United States Magistrate's court. [redacted] testified as a character witness for the defense. On cross examination, AUSA [redacted] succeeded in getting [redacted] to admit observing several homemade firearms and the mortar which [redacted] was charged with possession at [redacted] residence. [redacted] was ordered detained without bond pending further proceedings due to a perceived danger to the community.

REQUEST OF THE FBI LABORATORY:

It is requested that the FBI Laboratory Firearms Unit conduct the following examinations:

ARMED AND DANGEROUS.

PX 100A-8715 SUB J  
RHM:mdb

1. Examine Item Q141 to determine if it is capable of being fired in a fully automatic mode.

2. Examine Item Q171 to determine if it is an illegal sawed off shotgun pursuant to Federal firearms laws.

It is noted that Item Q171 should be processed for latent fingerprints (and any found compared with those of JACK MAXWELL OLIPHANT).

It is requested the FBI Laboratory Explosives Unit examine all items that might be explosive components to determine the content, and to examine the enclosed manuals and instructions re use of explosives to determine if any of the components found could be utilized to construct devices such as those depicted in the instructional papers.

Particular care should be afforded Items Q185 and Q186 as these are believed to be constructed of potassium chlorate axle grease and dynamite, [REDACTED]  
[REDACTED]

b6  
b7C  
b7D

In the event an examination of one of these items indicates it is an explosive device this information will be used to prosecute [REDACTED] for manufacturing a destructive device. In addition, Phoenix will then obtain a Court Order allowing the Explosives Unit to denotate the second device filming same for prosecutive purposes.

The Explosives Unit is further requested to conduct any other logical examinations of these items.

REQUEST OF THE IDENTIFICATION DIVISION, LATENT FINGERPRINT SECTION:

It is requested that all containers of explosive chemicals be processed for latent fingerprints and any latents found should be compared with the fingerprint cards enclosed for subjects of this matter. Particular attention should be paid to attempting to develop latent fingerprints on Items Q185 and Q186.

In addition, it is requested that Item Q171 be processed for latent fingerprints and any developed compared with JACK MAXWELL OLIPHANT.

ARMED AND DANGEROUS.

PX 100A-8715 SUB J  
RHM:mdb

When the latent fingerprint examinations are concluded the Identification Division should place the enclosed Fingerprint Cards on ~~the~~ file for subjects.

DUE TO THE FACT THAT SUBJECTS ARE BEING DETAINED WITHOUT BOND THIS MATTER HAS BEEN SET FOR TRIAL ON FEBRUARY 10, 1986. IT IS IMPERATIVE THAT LABORATORY AND LATENT EXAMINATIONS BE CONDUCTED EXPEDITIOUSLY WITH RESULTS OF EVIDENCE FORWARDED TO PHOENIX AS SOON AS POSSIBLE. THE UNITED STATES ATTORNEY'S OFFICE HAS ADVISED THAT UPON RECEIPT OF LABORATORY EXAMINATIONS THEY WILL CONSIDER SUPERSEDING INDICTMENTS ON EXPLOSIVES AND WEAPONS CHARGES AGAINST SUBJECTS.

Reurairtel to Director dated November 7, 1986.

Nagra recorder Model SNS, serial number [redacted] and Nagra Model SEM-4 microphone were received on November 10, 1986. These items were examined by Engineering Technician (ET) [redacted]. The Nagra recorder was found to function properly in all modes. The Nagra microphone was inoperable and as a result, no information would be recorded on any Nagra Model SNS recorder to which it was connected.

The submitted items were returned to Phoenix via Registered Mail on November 19, 1986. The microphone should be retained by Phoenix as part of the case file should the failure to make a recording become an issue at trial.

Technicians are not normally made available for testimony, particularly those who are involved in the development, modification, and installation of sophisticated electronic devices. Should testimony be required, contact Supervisory Special Agent (SSA) [redacted] Signal Analysis Unit, Engineering Section, Technical Services Division.

On [ ] the source recorded a conversation with [ ] in which

[ ] The tape was reviewed several months ago and determined not to be of good enough quality to be transcribed. Because of this, no transcript was typed. An insert was prepared recording the source's description of what transpired.

On 1/29/87, AUSA [ ] who is prosecuting this matter reviewed transcripts and FD 302s and inserts in preparation for trial at which time he advised the information contained in the insert for [ ] is crucial to this case. He requested the source to listen to this tape. On 1/29/87, the source reviewed the tape and was able to pick out certain words which he could recognize, however, the steno assigned to transcribe tapes also listened to the tape and stated she would not be able to type the contents as she could not understand it well enough.

It is requested that the Signal Analysis Unit attempt to enhance the voice quality of this tape so that a transcript can be prepared and so the tape can be played in court to the jury and also to provide Phoenix with a cassette copy of enhanced tape. The source has advised that from his review, [ ] discusses these items throughout the tape and not in any certain portion.

It is noted that this matter should receive expedite handling as trial is set for 2/10/87 at Phoenix. [ ]

The Signal Analysis Unit is requested to advise Phoenix as soon as possible whether or not it is possible to enhance this tape. In either event, the tape should be returned to Phoenix prior to 2/10/87.

Reference: **Communication dated December 29, 1986**

Examination requested:	Explosives - Instrumental Analysis - Firearms - Chemical Analysis - Fingerprint
Specimens received	January 5, 1987

**Result of examination:**

You should refer to the previous Laboratory reports dated January 27 and February 4, 1987 for a description of the submitted specimens and the results of those examinations.

**Firearms Examination:**

Specimen Q3032 is an improvised/homemade weapon which was found to be capable of firing 12-gauge shotshells, when tested in the Laboratory.

Specimen Q3033 is an improvised/homemade pistol which, with the addition of rubber bands to power the striker, was found to be capable of firing 9mm Luger cartridges when tested in the Laboratory. The grip portion of the stock of Q3033 was broken during test firing.

Specimen Q3034 consists of a piece of metal pipe with attached pipe fittings. This specimen is consistent in design with the barrel/action portions of the Q3032 and Q3033 weapons. It was found that a .30-06 Springfield caliber cartridge could be chambered in the breech of this specimen. Further, specimen Q3034 can be fitted into a channel along one edge of Q3048. It is, therefore, ~~16 FEB 1968~~

that Q3048 was designed as a shoulder stock for a weapon similar in construction to the Q3032 shotgun.

Specimen Q3041 is an improvised/homemade device which could be used as a signaling device or, if loaded with a projectile(s), as a firearm. Q3041 consists of a short length of pipe attached to a pointed metal stake and fitted with a spring-loaded striker/firing assembly. The metal stake appears to have been designed so that it can be pushed into the ground to stabilize the device. The striker assembly bears a short lanyard which can be used to trip the firing mechanism. Q3041 functioned as designed when test fired in the Laboratory.

Specimens Q3039 and Q3040 are consistent in design with Q3041 although they do not bear complete firing assemblies.

Disposition of Specimens:

The submitted specimens have been returned to your division.

ACTION MEMORANDUM

Enclosed is a copy of a communication in which authorization is requested for the continued use of electronic devices (both audio and video (CCTV)) to monitor and record private non-telephonic conversations with the consent of a party, in the captioned investigation. Also, enclosed is a copy of the communication in which authorization was initially requested and granted.

EFFORTS ARE CONTINUING AT THIS DATE TO IDENTIFY AND PRECISELY LOCATE ALL ILLEGAL EXPLOSIVES AND WEAPONS. THESE ITEMS ARE AT SEVERAL DIFFERENT LOCATIONS. THESE EFFORTS ARE DEEMED VITALLY IMPORTANT TO INSURE THE SAFETY OF AGENTS WHEN WARRANTS ARE EXECUTED AT A LATER TIME. INTELLIGENCE INDICATES THAT THE ARIZONA PATRIOTS HAVE A LARGE CACHE OF ARMS AND EXPLOSIVES WHICH PHOENIX HAS NOT YET LOCATED. THIS EVIDENCE, COUPLED WITH INFORMANT AND UCA TESTIMONY, SHOULD BE SUFFICIENT TO SUSTAIN CONVICTIONS.

ON 10/17/86, AUSA [REDACTED] CONCURRED WITH THE ABOVE AND AGAIN ADDED THAT ANY PROSECUTION ENTERTAINED AT THIS TIME WOULD EXPOSE THE SOURCE AND UCA.

IN REGARD TO SECTION IIIA1E OF REFERENCED PROPOSAL, THE FOLLOWING IS SUBMITTED:

HOMEMADE MORTARS AND EXPLOSIVE AMMUNITION.

ON 10/17/86, AUSA [REDACTED] ADVISED THAT COUPLED WITH THE EVIDENCE, SUPRA, AND TESTIMONY BY THE INFORMANT AND UCA, HE BELIEVES CONVICTION COULD BE SUSTAINED. AGAIN, PROSECUTION AT THIS TIME WOULD EXPOSE THE SOURCE AND UCA ON THESE CHARGES.

IN REGARD TO SECTION IIIA1F OF REFERENCED PROPOSAL, THE FOLLOWING IS SUBMITTED:

JACK MAXWELL OLIPHANT, [REDACTED]

[REDACTED]  
[REDACTED] PX SOURCE AND UCA. THEY HAVE COMMITTED NUMEROUS OVERT ACTS AND HAVE REPEATEDLY INDICATED [REDACTED]

[REDACTED] PHOENIX IS OF THE OPINION THAT ONE OR MORE MEMBERS OF THIS GROUP WILL CARRY OUT THIS PLAN IF JACK OLIPHANT AND/OR [REDACTED] WERE ARRESTED ON OTHER CHARGES. IF THIS WERE TO OCCUR, INFORMANT AND UCA WOULD BE TOTALLY EXPOSED AND PHOENIX WOULD THEN BE IN THE POSITION OF HAVING NO COVERAGE OF ANY SUBSEQUENT PLANS BY ARIZONA PATRIOT MEMBERS. ALL SUBJECTS LISTED ABOVE HAVE NOT YET COMMITTED ALL THE ELEMENTS OF THE CONSPIRACY TO VIOLATE HOBBS ACT - ROBBERY, TITLE 18, USC, SECTIONS 371 AND 1961. PHOENIX BELIEVES THAT IN THE VERY NEAR FUTURE,

b7D

PAGE SIX PX 100A-8715 UNCLAS E F T O

ACTIONS WILL BE COMMITTED BY THESE SUBJECTS FULFILLING ALL ELEMENTS AND PHOENIX SHOULD CONTINUE TO INVESTIGATE THEIR ACTIVITIES.

PHOENIX IS ALSO OF THE OPINION THAT COVERAGE BY THE SOURCE AND UCA IS EXCELLENT AND THAT NONE OF THE SUBJECTS WILL ACT INDEPENDENTLY WITHOUT BOTH THE SOURCE AND UCA.

ON 10/17/86, AUSA [REDACTED] STATED THAT HE CONCURRED WITH THE ABOVE ASSESSMENT AND THAT IN THIS REGARD, THESE SUBJECTS HAVE NOT YET SELECTED A SPECIFIC TARGET, HEREOFRE THERE IS NO VICTIM WITNESS WHICH WOULD BE NECESSARY TO ESTABLISH THE INTERSTATE COMMERCE CONNECTION REQUIRED TO SUSTAIN A HOBBS ACT CONVICTION. ADDITIONALLY, ON 9/29/86, DOJ, WASHINGTON, D.C., FURNISHED AUSA

[REDACTED] PRELIMINARY APPROVA TO PROSECUTE ALL SUBJECTS LISTED ABOVE FOR HOBBS ACT WHEN THE ELEMENTS OF THE CRIME HAVE BEEN MET.

"IN SUMMARIZATION":

PHOENIX ACKNOWLEDGES THE EXISTENCE OF PROSECUTABLE CASES FOR VIOLATIONS OF FIREARMS STATUTES AGAINST MOST OF THE ARIZONA PATRIOTS MENTIONED ABOVE. IT IS NOTED THAT THERE ARE NO PROSECUTABLE FIREARMS CASES AGAINST [REDACTED]

[REDACTED] THE PRINCIPAL CONCERN IS THAT IF ARRESTS WERE MADE THIS DATE, IT WOULD IMMEDIATELY
